## U.S. Blamed Again

# Red Leader Sees Berlin Solution Vital For Peace

Copyright 1963

By The Associated Press. MILAN, Italy, (AP) — Soviet Premier Khrushchev warned today that settlement of the problem of divided Germany, and especially Berlin, must take precedence over disarmament and other burning world issues.

Only if this East-West question is solved, he told the newspaper Il Giorno, would others fall into place.

Khrushchev blamed the United States for everything going wrong, and especially the deadlocked disarmament negotiations.

If the United States would just accept the Soviets' word without insisting on inspections, the premier said, an agreement to end nuclear tests could easily be negotiated.

He also repeated the Soviet threat, made before at Geneva, to withdraw its offer of two or three nuclear inspections a year if the United States continued to insist on seven or eight.

He himself, said Khrushchev, did not believe in God, but those who did—obviously meaning President Kennedy — had the moral

duty not to build nuclear weapons. The Soviet chieftain denounced the stationing of nuclear submarines to the Mediterranean, "almost under the walls of the Vatican," despite the peace pleas of Pope John XIII.

He claimed the subs and the U.S. insistence on sending nuclear warheads to Canada were intended to divert any Soviet reprisals from the United States to its allies.

Khrushchev's giving an interview to an Italian newsmen was considered strategically timed to affect the Italian parliamentary elections next Sunday. Il Giorno is owned by the state oil company and supports Pietro Nenni's left-wing Socialists.

In Washington, U.S. officials said they found nothing particularly new in Khrushchev's statements. The last foreign newsmen to interview him was Canadian publisher Roy Thomson on Feb. 9.

On what he considered the key question of world peace, Khrushchev said:

"The tension in the center of Europe can not be eliminated without the conclusion of a Ger-

man peace treaty and the normalization on this basis of the situation in West Berlin.

"And without tranquility in Europe there will not be tranquility in the world.

"The question arises: either a search for agreed solutions and development of international relations towards an effective reinforcement of peace or an ever increasing international tension that could turn into thermonuclear war."

He said the easing of the Cuban crisis had not led to an easing of the cold war. He blamed this on America.

"In the United States," he claimed, "there are forces which continue the old policy of 'from a position of strength.'"

"Such a policy cannot lead to relaxation of tension or to improvement in the international situation. The unrestrained campaign staged by the angry men in the United States and launched against a sovereign state, Cuba, and the support offered by certain American circles to maritime robbery and to piracy in the Caribbean Sea are in fact the manifestations of this policy."

## Nixon Backs GOP's Unity Bid For '64

### Candidates Should Enter Primaries, Party Figure Says

WASHINGTON (AP) — Former Vice President Richard M. Nixon has joined the Republican unity parade in which New York Gov. Nelson A. Rockefeller and Sen. Barry Goldwater, R-Ariz., currently are bearing leadership banners.

Disclaiming any personal political ambitions, the man who lost the presidency to John F. Kennedy in 1960 suggested to the American Society of Newspaper Editors here Saturday that it might not be a bad idea if the 1964 Republican ticket were made up of Rockefeller and Goldwater.

"The strongest Republican ticket would be the two of them," Nixon told the editors, "and certainly if Lyndon and Jack (Vice President Lyndon B. Johnson and President Kennedy) can get together, Barry and Nelson would."

The former vice president stressed again his contention that the man who gets the GOP nomination ought to be tested in the fire of next year's presidential primaries.

Naming Rockefeller, Goldwater and Govs. George Romney of Michigan and William Scranton of Pennsylvania as potential aspirants, Nixon extended an unofficial invitation for all to take potluck in next June's California Republican primary.

At the moment, however, the odds seemed to be against any such head-on collision of the four most mentioned as possible opponents of President Kennedy.

Scranton, who has said he likes Rockefeller's chances, is giving no signs of taking out after the nomination. Romney presently is immersed in Michigan problems, although he may find himself more available in 1964.

Goldwater keeps saying he isn't seeking the nomination but only re-election to the Senate in Arizona. But he has let those who want to draft him for the nomination go ahead with that operation. Rockefeller has yet to decide which, if any, primaries he will enter.

Nixon obviously hopes not only to be a member of the delegation to be elected in the primary but to have a major voice in determining which candidate it will support at the nominating convention.

## Bill Advanced To Develop, Aid Industry

COLUMBUS, Ohio (AP) — An emergency bill to back up one of Republican Gov. James A. Rhodes' chief campaign issues will see the light of day this week after languishing 10 weeks in a House committee.

It is a measure to establish an ambitious industrial development department with authority, through issuance of revenue bonds to help finance new industry in Ohio and bring the state a hoped-for total of 200,000 new jobs.

The bill has been rewritten from stem to stern by a subcommittee. The new version is scheduled for unveiling Tuesday to the full House Commerce and Transportation Committee.

Another high spot of the 16th legislative week is expected to be a House floor vote on a bill backed by industry and business, but opposed by labor, to revise the unemployment compensation law. The fund from which unemployment benefits are paid has shrunk in recent years from more than \$600 million to about \$100 million, a dangerously low level in the opinion of most experts in the field.

### Navy Presses Probe Of Thresher Disaster

PORTSMOUTH, N.H. (AP) — The painstaking attempts by a Navy court of inquiry and an oceanographic research vessel to determine what caused the loss of the nuclear submarine Thresher continued today at Portsmouth Naval Shipyard and 200 miles away at sea.

The research vessel Atlantis II, after taking aboard additional electronic equipment at Woods Hole Oceanographic Institution, returned to the spot some 220 miles east of Boston where the Thresher sank with 129 men aboard in 8,400 feet of water April 10.

## Cuba Grants Release For Americans

### Over 20 Scheduled For Plane Trip To Florida's Freedom

MIAMI, Fla. (AP)—A score or more Americans held prisoner by the Fidel Castro regime have been promised freedom today and a plane trip to the United States.

James B. Donovan, New York attorney who has been active in Cuban prisoner negotiations for months, announced Sunday that the Castro government agreed to release all Americans in its jails.

Between 20 and 27 Americans are believed to be affected. Many have been prisoners for more than three years. Most were charged with counterrevolutionary activity.

Donovan said he would return with the Americans aboard a Pan American Airways plane assigned to carry about 24,000 pounds of medicines and other ransom goods to Cuba.

Donovan announced also that another 1,000 refugees will be allowed to leave Cuba this week, aboard the ransom ship American Surveyor, possibly on Friday.

Donovan called release of the Americans "an action of clemency on the part of the Cuban government" and indicated this may be his last mercy mission to Castro's island.

"It does not involve any further pledges of drugs, medicines or baby food to the Cuban people," Donovan said.

Donovan flew to Havana Saturday aboard a DC6 airliner chartered by the American Red Cross. The plane carried 15,400 pounds of ransom food and drugs promised Castro when he released the 1,113 Bay of Pigs invasion prisoners last December.

Donovan said that in addition to the American prisoners and the 1,000 refugees being brought to Florida this week, other releases may follow.

## Crisis Eases In Jordan, Hussein Acts

AMMAN, Jordan (AP) — King Hussein's military and political maneuvers appeared today to have eased Jordan's worst internal crisis since Iraqi revolutionaries felled the neighboring monarchy of his cousin, King Faisal II, in 1958.

Amman and the Jordanian sector of Jerusalem, scenes of violent demonstrations over the weekend for union of Jordan with Egypt, Syria and Iraq, were quiet but tense. Some demonstrators had called, amid gunfire, for overthrow of the king.

Reports from Damascus said Ba'athist Socialists and Arab nationalists, who led the recent revolutions in Syria and Iraq, promoted the weekend troubles in Jordan. But those appeared exaggerated. Those two nations expect to join President Gamal Abdel Nasser's United Arab Republic in a new federation this fall.

Sources here believed the organizers probably could be found among the 31 dissident members of the House of Deputies which Hussein dissolved Sunday.

### 6 Lose Lives

## Fire Toll Mounts In Eastern U.S.

By The Associated Press

A weekend of raging brush fires and building blazes took at least six lives, left many hundreds homeless and caused millions of dollars worth of damage in the bone-dry eastern area of the country.

The Weather Bureau in New York said the first substantial rain in the stricken area is expected in Pennsylvania and Maryland tonight.

Showers were forecast for today in parts of Pennsylvania, Connecticut, upper New York State and Virginia.

Three members of a New Jersey family were missing, Police said they may have burned to death when a forest fire engulfed their home.

Emergency crews moved from one scared spot to another to restore electricity, telephone service and water supplies.

Emergency shelters were provided for many families. Others were taken in by relatives and friends.

From Maine to Virginia, thousands of firemen fought blazes. Most of the fires were reported extinguished or under control today.

More than 350 homes were destroyed or badly damaged and about 300,000 acres were blackened in raging brush fires, whipped by high winds, on New York City's Staten Island and in New Jersey.

Ten square miles of Staten Island were burned over.

The greatest devastation in New Jersey was in the southern part of the state.

Bernard Bartlett, assistant state fire warden in New Jersey, called the fires "the worst I can remember in the 30 years I've been with the fire warden's office."

In addition to the New York-New Jersey areas, the worst fire damage Saturday was in the Baltimore, Md.; Biddeford, Maine,

and King George County, Va., areas.

In western and central Pennsylvania, new forest fires broke out Sunday.

## Work Looms In Congress On New Bills

WASHINGTON (AP) —Congress will have to work harder if it is to produce a respectable batting average before this session ends.

Returning today from a 10-day Easter vacation, Congress had little to show for the almost four months it has been in session.

It has enacted eight public laws, the more prominent of which extended the draft and made Winston Churchill an honorary citizen.

There are no signs of a big legislative push in the offing, but Senate and House leaders have served notice that there will be little time-off if the legislators want to wind things up by Labor Day.

The House has not held a session since April 11. The Senate held two brief and non-productive meetings since then.

The official "Status of Major Bills" lists only two of the dozen or more annual appropriation measures on the way toward enactment. They provide funding for the Interior Department and the Treasury-Post Office Departments. Both have passed the House only.

The only major bill near enactment is the annual authorization measure for procurement of missiles, aircraft and naval ships.

## Meeting Set By Kennedy On Situation

### Harriman Travels For Session With British And French

WASHINGTON (AP) — President Kennedy holds another strategy session with the National Security Council today, seeking ways to shore up Laos' uneasy neutrality.

Relentless Red pressure on the small Southeast Asia kingdom was the subject of a similar meeting Saturday and prompted the departure for Europe Sunday of Undersecretary of State W. Averell Harriman on a save-Laos diplomatic mission.

Pro-Communist Pathet Lao forces have been threatening to dominate all of northern Laos, but Harriman left Washington on an optimistic note.

"The Neutralists seem to be holding out from the accounts that are coming through," he said. "They seem to be quite determined not to give up."

In Laos, meanwhile, neutralist Premier Prince Souvanna Phouma extracted another promise of a cease-fire from the Pathet Lao.

A similar truce arrangement last week lasted only hours and high ranking U.S. authorities regard the Laotian situation as very serious.

Over the weekend, Secretary of State Dean Rusk called in the ambassadors of India, Poland and Canada, the three nations that supervise the Geneva Pact, and told them the United States hopes the job will be done effectively.

Harriman was sent on to Paris and London for conferences with French Foreign Minister Maurice Couve De Murville and British Foreign Secretary Lord Home.

## Denials Filed With Court By 9 Of Indicted

Nine defendants pleaded not guilty today in Common Pleas Court at Lisbon when arraigned before Judge Raymond S. Buzzard on charges returned by the April Grand Jury.

Two pleaded guilty and asked probation and three pleaded guilty, but their sentences were deferred. Arraignment of five defendants was continued. Two still were awaiting counsel in order to enter pleas.

Pleading guilty were: John R. Reed, 32, and George W. Sims, 34, both of Wellsville, burglary of the Super Food Store in Wellsville Jan. 27.

Robert Keith Owens, 21, and Leroy Ray Walker, 19, both of New Cumberland, operating a motor vehicle without the owners consent in the theft of the car of John Prezita in Wellsville Feb. 4.

Charles Mercer Jr., 216 W. 2nd St., burglary of the Keys Co. Feb. 9.

Harold Dana Heater, 31, of Louisville, auto theft and operating a motor vehicle without the owner's consent.

George Crawford, 28, of 1106½ Commerce St., Wellsville, carrying a concealed weapon in East Liverpool March 3.

Clayton Hitchcock of Toronto, larceny of tools from the car of George Ruhl in Wellsville Nov. 28.

James Higgins, 19, of Rogers, malicious destruction of a pay telephone March 16 in Rogers.

Pleading guilty and requesting probation investigation were:

Richard A. Riley, 19, and James Banner, 19, both of Rogers; malicious destruction of property.

## 3 Drivers Get Jail Sentence On Violations

### License Suspended For Man Cited On Ignoring Cruiser

Three motorists, including a city man accused of driving while under the influence of intoxicating liquor and failing to yield the right-of-way to an emergency vehicle, were fined and jailed and five other drivers drew fines in a lengthy Municipal Court session today.

Kenneth J. Ward, 32, of 920 St. Clair Ave. drew a fine of \$200 and costs and 10 days in jail along with a 90-day license suspension on a charge of drunk driving and an additional \$50 and costs for failing to yield the right-of-way. He pleaded guilty to both charges.

Ward was arrested at 2:55 a. m. Sunday in the West End, police said, after failing to allow a Wellsville police cruiser the right-of-way.

Police said the Wellsville cruiser was headed east on Route 7 with its flashing red light and siren both working and two spotlights motoring traffic off to the right side of the road.

Police Chief John Hephner of Wellsville said the cruiser was rushing an assault victim to City Hospital.

Two Chester area men were given 5-day terms in the County Jail with Aris G. Streets drawing the sentence for driving without a license and Samuel B. Young jailed for permitting Streets to use his operator's permit.

Streets was halted at 2:10 a. m. yesterday on Route 7 by the State Highway Patrol for speeding 70 miles an hour in a 50-mile zone.

In an unsworn statement to the court, the patrol said when stopped Streets reached back to Young, who was in the rear seat of the auto.

When questioning Streets, the defendant claimed he had a license and showed one belonging to Young, the patrol said. In additional questioning, Streets admitted his license had been suspended four years ago in West Virginia and he had not obtained another.

In addition to the jail term, Streets also was fined \$15 a day and costs on the speeding charge.

When questioned by Judge Samuel M. Chertoff, Young said he gave his license to Streets "for safekeeping." He told the judge (Turn To DRIVERS, Page 20)

### Leaflets Urge Haitians To Aid In Revolution

PORT AU PRINCE, Haiti, (AP) —Haitians were called on today to support a May 15 revolution against President Francois Duvalier.

Leaflets, apparently scattered by airplane, billed the threatened uprising as a "dry-cleaning operation." Signed "United Revolutionary Forces," they warned residents to get out of the city on that day.

## The 'Word War'

### U.S. Battles Soviet Propaganda

WASHINGTON (AP)—From Radio Hanoi in English: "U.S. imperialists. Noxious chemicals." From Radio Moscow in Tonkinese: "Executioners." From Radio Havana in Spanish: "Bacteriological warfare. Merchants of blood and death."

These charges and words of abuse are Communist cannon in the cold war.

They belong to an arsenal that includes millions of books, thousands of feet of film, magazines in 20 languages, traveling clowns and Armenian folk dancers.

All are used in the relentless, massive psychological warfare devised and executed by the Communist world.

This warfare is matched, although some say in a less massive and relentless way, by the United States and its allies.

Some Americans believe the Communists, in their psychological warfare, have an unfair advantage, that the Reds lie in their teeth and some of the unsophisticated people of the world gobble up the lies.

If this belief were complete fact, battling Communist propaganda would be a simple matter. The United States and its allies would broadcast the truth. Truth eventually would catch up with utter falsehood. No one ever would believe the Communists again. But battling Communist propaganda is not a simple matter.

"Fabrications are part of Communist propaganda," says Orem Stephens, director of research and analysis for the U.S. Information

Agency. "But the propaganda doesn't hinge on them. In general, Communist propaganda is based on the truth or some part of it."

As an example, Stephens cites the Communist propaganda campaign about the attempts of Negroes to register as voters in Greenwood, Miss.

The Communists do not have to fabricate always. They simply find articles written by Americans critical of the situation. Stephens says, and then quote the articles on Radio Moscow.

Although USIA stresses that the mass of Communist propaganda uses truth, other specialists believe that the small amount of fabrication must not be ignored.

At a recent congressional hearing, for example, J. Leonard Reinsch, an Atlanta television executive, testified that, while touring Africa, he heard a Communist radio accuse the United States of developing a germ that will kill colored people while leaving white people unharmed.

During 1962, the Communist nations broadcast 3,846 hours a week to other areas of the world, using most of the important vernacular languages, including Kurdish, Hindi, Urdu, Swahili, Hausa, Mandarin and Armenian.

USIA's Voice of America countered with 761 hours a week, using some but not as many of the vernacular languages. This American effort, however, was swelled by the broadcasting of American allies.

### Editors Hear Astronaut

## Glenn Proposes Center For Space Information

NEW YORK (AP)—Astronaut John G. Glenn Jr. proposed today creation of a national information center into which would be channeled the vast new quantities of space age information.

The Marine lieutenant colonel, first American to orbit the earth, made the proposal in a speech prepared for delivery to editors and publishers at the annual Associated Press meeting.

Glenn said that while a national information center "can be initially organized to cope with the inundation of space information, it can pave the way in many fields toward 'use systems' of our knowledge, not just 'file systems.'"

By this, he explained, he meant that highly technical information would be more easily understood and thus would be better applied in everyday living.

"The effect on business and industry alone would probably far surpass the initial outlay of such a system, since an American businessman with a new idea needs little prodding," Glenn said.

Of his own field, Glenn said the immediate purpose of the nation's space program is "providing

transportation to new areas and return."

"None of the manned space programs of the future is merely to prove that man can adapt and is reliable or can live aboard a space craft," he said. "The long range 'pay-off' comes when we start using these capabilities to learn new things."

But he emphasized: "We have developed an 'information gap' between the discoverers or the researchers and those who would normally make use of such information."

The astronaut also urged research into ways of increasing our mental capacity to absorb the additional knowledge made available. He noted that the average person, according to psychiatrists, use only seven-tenths of one percent of his mental capacity.

# Lions Close Nominations For Election Next Friday

Nominations for officers of the Lions Club were closed at Friday's meeting at the Travelers Hotel.

The slate for next Friday's election includes John T. Smith, president; Richard Martin, first vice president; Donald Duke, second vice president; Fred Yonz, second and third vice presidents; Ed Shingler, secretary, and Charles Haugh, treasurer.

Fred Kane, tail twister; Charles Huddleston, Lion tamer, and Dr. Fraser Jackson, Leo C. Lawrence, Richard McCullough and Earl Lones for three vacancies

on the Board of Directors.

The club ordinarily elects only a third vice president but was forced this year to elect two because Laurin Stacey, incumbent second vice president, has accepted a post in Chicago.

The candidate polling the highest number of votes will become second vice president with the second highest getting the third vice presidency.

The nominating committee was headed by Howard Tice and two candidates for the board were nominated from the floor.

Smith reported on the Charter Night he attended Thursday at New Waterford while George McCullough, district governor, and Richard Walker, district public relations chairman, attended a similar affair in Alliance.

The Potters Five, an East Liverpool High School combo composed of Gary Wynn, Darrell Locke and Joe Judge, seniors; Charles Padgett, junior, and Peter Cartwright, sophomore, played a series of selections for the program. They were introduced by Richard Judge, program chairman.

## District Meeting Slated

# Summer Activities Aired By Beaver County Legion

Summer activities were discussed and various reports were heard at a meeting of the Beaver County American Legion Committee Friday night at the home of Monaca Post 580.

Fred Pericelli of Ambridge, county commander, presided. Plans were made to attend a district meeting Saturday at 8 p.m. at the Wampum High School gymnasium, when William Reehl of West Bridgewater post, county essay chairman, will present awards to three county student winners.

At the same time, Congressman Frank Clark will present awards to the Beaver, Butler, and Lawrence County winners. A special guest will be State Commander Lou Greco of Altoona.

Joseph Morell announced that plans are being completed for 14 county boys to attend the Keystone Boys State at Penn State University this summer. The boys will leave by bus June 24 at 9 a.m. from the Rochester post home.

William Riddle, chef de gare of Beaver County 4008 Voture 739, reported that a meeting will be held May 25 at the Freedom Ho-

tel, when a parade - type locomotive that the group has purchased will be on display.

The committee will support George Yorns of the New Brighton post, who will be a candidate for western vice commander at the department convention in Pittsburgh in July.

William E. Coble, auxiliary chairman, reported on the Beaver Falls and Baden units, which are completing plans for Poppy Day and the Memorial Day celebration.

The committee went on record opposing legislation now pending in Congress to give participants in the "Bay of Pigs" invasion the benefits of the G.I. Bill of Rights.

Oscar C. Karlburg of Beaver, vice commander and membership chairman, reported 4,643 members enrolled to date in Beaver County.

Next meeting is May 15 at the New Brighton post, when nomination of officers will be held. A trophy will be presented to the Beaver Falls Junior League baseball team, 1962 county champions. Attending from the Midland Post 481 besides Riddle and Coble were Harry Hulton and Joseph Mulach.

William McKenzie was named lay member of the annual conference and James Kessel, representative to the Methodist union.

## Rep. Bow Claims Powell's Anties Injure Congress

WASHINGTON (AP) — Rep. Frank T. Bow, R-Ohio, said today that the antics of a few members are giving Congress a bad name among constituents.

"Apparently the House of Representatives in the imagination of many Ohioans looks like 435 Adam Clayton Powells, and they do not like Representative Powell," Bow said in a statement.

"I cannot recall a time when there has been as much criticism of the Congress as there is this spring," he said.

"The daily mail always includes at least one letter on the subject of congressional spending, the new

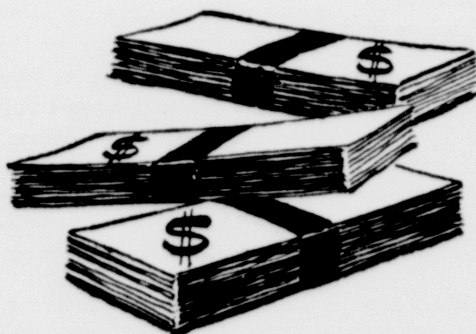

Rayburn House office building, the aforementioned Mr. Powell or foreign junkets," Bow said.

Powell, a New York Democrat, is chairman of the House Education and Labor Committee. He has been criticized for his spending of committee funds, including trips overseas.

There has also been criticism of Congress for constructing the new House office building which includes a swimming pool and refrigerators in every office.

Bow said, "There have been abuses of the privileges and allowances of members of Congress throughout history, and I do not think they are any more widespread now than at other times."

There are about 1,600 known asteroids.

## Democrats Using Old Gimmick

It's a curious war, this budget battle in Washington.

Instead of being a contest of legislative wills and wits to see who can do the most for the economy, it is becoming more and more a political game to see who can discredit whom the most.

Take the latest gimmick being used by Congressional Democrats in an effort to steal some of the political thunder Republicans have been making with their budget cutting task force.

The idea is to look frugal while still getting the big spending across where it counts.

**IT WORKS THIS WAY:** Democratic leadership obtains committee approval of a measure with a souped-up price tag. Then, when it gets to the floor for all to see, the Democratic majority backs a Democratic amendment to slash the appropriation to where the Democrats wanted it in the first place.

Thus, by first overpricing, the spenders can go through the motions of swinging an

economy ax and wind up with exactly what they wanted at the outset.

It worked in the Senate, where a \$500 million mass transit bill, overpriced by some \$125 million, was passed after Democrats whacked it down to \$375 million.

The President's youth employment bill is another example. Originally figured at \$100 million, it was jacked up to \$120 million in committee, knocked back to \$100 million on the floor, then passed over GOP objections.

**THE GIMMICK** isn't new but it is effective. You've seen it in action yourself, even though you may not have recognized it.

It's the principle of the "big bargain." You know the system — slap a \$65 price on a \$45 item, then "give it away" for \$49.95. Of course, without something good to start with, the whole thing can end up as a "no-sale" flop.

Democrats switching price tags in Washington don't run the no-sale risk. They have the votes they need to net the political profit they're after.

## Payroll Surgery In Ohio

On paper at least, the Rhodes administration's move to slash the state payroll seems to be paying off.

A report handed last week to Rhodes' tight-fisted finance chief, Richard L. Krabach, by Personnel Director Wayne Ward shows that 4,263 state employees have been given the ax. The estimated saving to the state: \$20 million.

Krabach expects to lop at least 2,800 more from the payroll by the end of the fiscal year, a move he says will save another \$1 million. Recommendations by an industrial efficiency task force checking for lost motion in state departments may result in further layoffs.

We assume the firings are permanent.

Ward's report shows that 6,071 actually were dropped from the payroll from January through March, but 1,808 were rehired as "essential" employees.

Rhodes has called for economy in government to shore up Ohio's sagging fiscal structure. Economy he's getting.

If the administration can find enough fat on the payrolls to warrant further trimming, it should do so.

But the trimming should be done with sharp surgical precision. Rhodes needs a lean and muscular force to carry out his ambitious program. Too much pressure on the economy knife could seriously injure both the patient and the program.

## Letter From Max

Dear Truman Twill:

After trying for many years to build houses for birds we would like to tip our hat to those skilled and hardied craftsmen who build houses for people.

What prompts this comment is that we have just put up an awful looking thing in our backyard hoping to entice several nice families of young newly-wed purple martins.

What perplexes us is that in this jet age where the slide rule is the all-powerful agent we still don't have much assurance we will get purple martins in this house, and already we have a mild rebuke from the distaff side of the family about our free housing for our feathered friends.

People are so much smarter than birds!

The point is that this so-called purple martin house is just a renovated old nail keg, with wobbly floors and six holes, all of which is perched on top of a slim pole that is bound to toss like a dinghy in a high wind.

All in all, if you tramped through miles of forest looking for purple martin homes, you could hardly find anything closer to the kind of rotten old tree trunks in which they nest.

The trouble is that people are going to judge this bird house by what they would like themselves and what they think the neighborhood should display. In fact that is the standard by which some members of our own family are already judging it.

It would be futile to remind these critics that purple martins might not think so much of our own people's home sweet home.

Our only apprehension is that we may have overdone it a little in trying to recreate the forest primeval. Old nature itself would be hard put to turn out as crude a domicile for birds as we achieved. And we didn't even half try. All we did was what comes naturally.

Faithfully yours,  
MAX

## The Ritual

Included in the cornerstone of some important building should be a sealed container with a filmed record of the standard American ritual — the do-it-yourself car wash.

This is the closest thing we have in this country to a genuine household rite. It is a thing done with overtones of religiosity—not the church kind but the kind that bubbles up from the inside, like thinking baseball is the national game and feeling mellow when it's mentioned.

Implanted deep in every American boy and girl is the belief that things will be better if the car can be washed by hand whenever possible. The rest of the time it can go dirty or be cleaned at a car wash.

The first warm weekend of Spring is the standard date for the start of another ritualistic sequence. Cars are washed at curbside, in driveways, by the side of the road, even by running streams.

In another few hundred years, this will have to be seen to be believed. Hence the sealed container with a filmed record of something that otherwise would be incredible to future anthropologists.

They would find it unbelievable that at one time Americans squirted water in their shoes, barked their knuckles on sharp protruberances and risked pneumonia in the name of vehicular sanitation.

They could not believe how many preparations had been marketed to lighten the chore — goops and gunks to make car washing already an orgy of unalloyed pleasure, a three-dimensional fit of ecstasy.

They would find beyond comprehension the brushes, cloths, skins, shining agents, tools and miscellaneous gear needed for the ritual — at least as many as were used in

The first animal domesticated by man was the dog. The dog was the only animal the North American Indian had tamed before the arrival of the white man.

## Money For Bread Instead?

By Arnold Toynbee

The astronomical cost of the race to the moon (estimated at \$30 billion) and the possible sacrifice of human life that first attempts will entail has produced doubts in the United States that it is essential for the Russians to beat the Russians in the contest.

The following article by noted historian Arnold Toynbee, written last September is even more topical now.

LONDON

In his presidential address to the British Association last year, Sir John Cockcroft pointed out that the sum that was then being spent annually by the United States government alone for eventually hoisting a man to the moon would raise the indigents' share of mankind's income per head by 25 per cent if it were directed to this use over a period of 10 years.

Presumably the Soviet government is spending about the same amount as the United States government in competing with it in this frivolous moonrace. Yet what use of the gifts of science could be more perverse? The barren moon can wait, but starving mouths cannot.

**COMMUNICATIONS** are of crucial importance in an age of atomic weapons. In this age the human race has the choice between growing together into a single family and committing mass-suicide. The marvelous new means of communication by satellites like Telstar, with which science has endowed us in the nick of time, are the very thing needed for enabling all our various tribes to get to know each other; and better acquaintance is the necessary first step towards making friends.

Today, mankind's destiny hangs on the outcome of this race between fraternization and annihilation. This is literally a matter of life and death. And our new scientific means of communication might perhaps just avail to tip the balance in favor of survival.

But are we going to use our new scientific means of communication for the purpose that is obviously the first priority on any rational reckoning?

Our present use of television and broadcasting is not encouraging—at least in so far as we are handing them over for commercial exploitation. To judge by our record up to date, we seem

likely to drift into the jaws of death with our eyes glued to comic strips.

**UNFORTUNATELY** for our prospects, this perversity is not something new in human history. Mankind has been misusing its surpluses ever since it first had surpluses to dispose of; and it is a sad sight to see the two greatest powers in the present-day world running in the same old ruts, with the small fry tagging along behind them.

Both the Russians and the United States ought to know better if there is any substance in the identical claims that they make for their own way of life.

Communist Russia and pioneer America each claim to have taken a new departure in human history. They claim to have jumped clear of mankind's traditional crimes and follies, and to have dedicated themselves to the creation of an earthly paradise.

Unhappily, these proud claims are being given the lie by positive acts. Both powers—and the rest of us, too, in so far as we have resources for imitating them—are using the surpluses in the two traditional ways.

In the past, the world's rulers, with their subject's acquiescence, have spent most of the surplus at their command on armaments, and the rest of it on frivolities.

The oldest and biggest of these frivolities are the Pyramids.

There is a story that, when Bernard Shaw set eyes on them, he remarked that he would like to pull them down and break up

the stones for building decent houses for the Egyptian peasantry, who have been housed in mud-brick hovels from the Pyramid-builders' day to our own.

**THE PYRAMIDS** are only the first in a series of similar royal follies at the common people's expense, down to Louis XIV's pile at Versailles and the Imperial Palace at Peking.

Can the present day Russians and Americans maintain that they are really behaving any differently from their predecessors?

Thanks to science, production is now soaring to unprecedented levels. Cannot we forge weapons capable of wiping out the human race and apparatus for hoisting a man on to the moon, and still have enough left over for feeding the hungry and clothing the naked?

There is a limit to the amount of the riches that even science can shower on us. The new-fangled armaments and frivolities that we have managed to think up are costly enough to eat up the whole of science's immense additions to our surplus.

So we are squandering the surplus in the old perverse way, with no more than a pittance left over for uses worthy of man's dignity and genius. This is a shameful performance.

The new start that America and Russia have so far failed to make is long overdue. It is in humanity's power to make it. If we fail, we shall have given a poor return to the scientists for the great things that their disinterested work has done for us.

## Down Through The Years

From The Review Files

**THIRTY YEARS AGO** — Wells-ville was the scene of one of the largest lodge meetings in years when members of the Junior Order of United American Mechanics held a district rally in City Hall under auspices of Diamond Council No. 5.

A six-room house on Cream Ridge Rd., near Elkton, was destroyed by fire. The loss was estimated at \$4,000.

Alfred C. Gloeckner, owner of a service station at Anderson and Park Blvds., reported to police that \$500 in money and cigarettes were stolen from the establishment.

**TWENTY YEARS AGO** — Capt. William J. Horgert, first member of the City Hospital staff to be called into service and first to serve on foreign duty, addressed the Junior Chamber of Commerce.

Mrs. Eleanor Bowdler and Mrs. Agnes Ward were initiated into the Auxiliary of the American Legion Post 4.

**TEN YEARS AGO** — Facts, figures and photographs on East Liverpool, assembled by John W. Ridder, secretary of the Chamber of Commerce, were sent to officials of Liverpool, England.

Dr. J. A. Fraser of East Liverpool was named to the resolutions committee during the convention of the Ohio State Medical Association at Cincinnati.

Regis Scharf was re-elected president of the West Point Parent-Teacher Association.

### Odd Facts

Fishermen spend over \$100 million annually in Minnesota, with nonresidents contributing over \$30 million of the total, the Minnesota Conservation department reports.

The U. S. Coast Guard in 1962 completed its 49th year of operating the International Ice Patrol. The patrol is aimed at reducing hazards of floating icebergs in the shipping lanes of the North Atlantic.

Reservations of the Hopi, Navajo, Apache, Papago and 10 other tribes extend over a third of Arizona's 113,000 square miles.

A total of 1,130,393 Americans have died in all the U. S. wars.

## Contradictions On Cuba

By James Marlow

### Kennedy And Nixon Change Viewpoints

**WASHINGTON**  
Richard M. Nixon is now just as vague as President Kennedy on how to get communism out of Cuba. The history of these two men on this subject is a history of unhappy contradictions.

The former vice president in the 1960 campaign publicly opposed intervention in Cuba. But later he said he had been for it all the time and said he opposed it only to cover up preparations then going on for an invasion.

And even while he was secretly backing the invasion he said publicly if such a thing happened it would give Premier Khrushchev an excuse for moving into Cuba and thus put the United States in an awkward position.

He was a good prophet. There was a U.S. backed invasion, Khrushchev subsequently moved in. His troops there have put the United States in an awkward position. That's why, apparently, Kennedy and Nixon are vague on what to do next.

Nixon also said during the campaign, while he wanted to intervene but was saying the opposite, that it was Kennedy who wanted to intervene. Kennedy denied he had any such thought although he talked of assisting the rebels.

Yet, it was Kennedy who later, as president, backed the invasion which failed. And it was Nixon who supported him in this disaster.

Kennedy, during the campaign, insisted this government should not handicap anti-Castro rebels in this country. But as president he now bars them from using American soil for hit-and-run raids on Cuba.

Both Nixon and Kennedy in the campaign insisted this country should not intervene against Fidel Castro in Cuba in violation of the U.N. charter and inter-American treaties which prohibit intervention.

But Kennedy said later the doctrine of non-interference couldn't stand in the way of the United States in protecting its own security. Now Nixon, not mentioning treaties, calls for action without saying how or what kind.

Nixon told the American Society of Newspaper Editors Saturday: "We must no longer postpone making a command decision to do whatever is necessary. The administration claims there are risks. I am convinced that the risks of inaction are far greater than the risks of action."

Here's the record:  
On Oct. 22, 1960, Nixon, charging Kennedy had called for an American-backed anti-Castro revolution, called this "shockingly

reckless" because it would mean intervening in another country's internal affairs.

Nixon said: "Do you know what this would mean? We would violate right off the bat five treaties with American states" and the U.N. charter. This country, Nixon said, must keep its treaties and act legally.

Then he added this: Intervention would be a "direct invitation to the Soviet Union to intervene militarily on the side of Castro. This gives them the excuse they have been waiting for, because now they can say very easily: 'What is sauce for the goose is sauce for the gander.' We can't play it both ways."

"They could say we can't object to the Soviet Union moving into Cuba under the Monroe Doctrine — we could at the present time (1960) — if the United States is attempting to intervene and move into the internal affairs of Cuba."

Kennedy denied this the next day. He said: "I have never advocated and I do not now advocate intervention in Cuba in violation of our treaty obligations."

But he had suggested this country "assist" the rebels and that they should not be "constantly handicapped" by American government authorities.

Nevertheless, the invasion occurred in April 1961, and Kennedy took full responsibility for it. As it was collapsing he told the American Society of Newspaper Editors that year on April 20:

"This country would not hesitate to meet its 'primary obligations, which are the security of our nation' if it 'should ever appear that the inter-American doctrine of non-interference merely conceals or excuses a policy of non-action.'"

The next day, Nixon publicly backed Kennedy for supporting the invasion which flopped. But it wasn't until he wrote his book, "Six Crises," published in March 1962, that Nixon undertook to say how he secretly felt in the campaign of 1961 when he was opposing intervention.

He said he was for an invasion all the time but said the opposite only to conceal the fact that the Eisenhower administration was then training Cuban rebels for an invasion of their homeland.

And, Nixon said in his book, Kennedy knew in the 1960 campaign all about the invasion preparations because he had been briefed by the Central Intelligence Agency.

The White House promptly denied this and so did Allen Dulles, who was head of the CIA in 1960.

## When In London

By Milton Lewis

LONDON

What a pleasure to be able to wander about a city with no language barrier . . . not to be dependent upon taxis, phrases and guides. And what a beautiful, clean and exciting city is London!

Coming from the summer heat of Italy, London was like walking into November. None of your Latin lassitude here. London is much like New York, but with what a difference. For one thing, everyone sounds like Peter Sellers.

And when we were strolling near the Tower of London watching the ravens hopping about on the grass, and a child called excitedly, "look, mum-a-ryvin!" we looked at each other with delighted grins. This kid could have come out of any British movie.

American males have to dispossess themselves of a couple of notions to thoroughly enjoy London. The first is that it's somehow unmanly to carry an umbrella. It's just plain common sense in a country where rain is an almost daily occurrence.

**NOW WE KNOW** why London is called a "Man's Town." Walk down Piccadilly, Bond Street, Regent Street — and there are five men's shops for every ladies' apparel establishment.

Haberdashery, ties, leather goods, sporting equipment — a man on a shopping spree has an assortment of quality goods almost unseen elsewhere. And the salespeople thank you with a fervor unheard in the United States even in the darkest depression.

Above and beyond the unflinching courtesy of the people and the beautiful sights of the city, there are two things which made a memorable impression on us. First was the public transportation—subway, bus and taxis — and the second was the London theater.

In no other country we have seen has the government shown such regard for the comfort and welfare of the citizens riding public conveyances.

The subway is called the Underground. (On many busy intersections there are also "subways" — but in London, a subway is an underground passage to the opposite corner.)

On every underground station there is a huge city map with an arrow pointing "You Are Here" and the various lines, with dif-

ferent destination, have separately colored markings so you can't possibly go wrong.

This is a country where people are trusted to do the right thing, and they do. On the underground as well as on the buses, you pay by distance.

On the Underground, you buy a ticket to your destination, if there's a long queue, many natives pay when they get off, simply telling the station guard where they got on. And no steps to walk . . . instead, tremendously long escalators — at a guess, 300 feet—take you from station platform to near street level. What a boon to tired feet.

**THE TRAINS** have velvet covered seats, arm rests (!) and smoking is usually permitted in all cars but one, which is marked "No Smoking." Despite this, the stations and cars are remarkably free of debris, butts and newspapers. We're still marveling at one ride we took to Knightsbridge (two stops), which cost three cents each.

Oh, could we use those London buses in Manhattan! They're narrow and high, better designed than our old Fifth Avenue double-deckers, and the top deck covered. They're twenty times as maneuverable as our lumbering juggernauts and the passenger is treated as a human being.

Lost work days in the United States in a two-year period ending June 30, 1961, averaged 3½ days annually for each employed person. Illness caused three times as much lost time as accidents, an insurance company study shows.

## Woman Cited After District 2-Car Mishap

A city woman was cited after a two-car crash Saturday at 4:55 p. m. at the intersection of Brockton and Orchard Sts. just outside the city limits, according to the State Highway Patrol at Lisbon.

It was one of four mishaps investigated by the patrol over the weekend.

Mrs. Rosetta Kraft, 26, of Park Way was cited for failure to yield the right-of-way after her car struck an auto driven by Charles J. Bosco, 54, of Anderson Blvd., officers said.

Mrs. Kraft was headed north on Orchard St. and started to turn onto Brockton when she struck the front of the Bosco car, officers said. She will receive a hearing Friday in Municipal Court.

A Toledo trucker was injured Saturday at 8:30 a. m. when his semi-tractor trailer rig overturned on Route 30 at Kensington.

Officers said August Liedel, 43, was headed west when his rig went off the right side of the highway, struck a power pole and overturned. Power was interrupted in Kensington for a while. Extensive damage resulted to the truck.

Liedel was taken to Salem Central Clinic with a fractured left collarbone, lacerations of the right hand and abrasions and contusions of the body. He was cited for speeding in excess of road conditions, officers said.

A car driven by F. C. Shasteen, 16, of Lisbon R. D. 2 struck a mailbox in West Point on Route 518 Saturday at 11:40 a. m. He was headed west when his car went off the left side of the highway, officers said.

A car driven by James G. Hindman, 40, of Hanoverton R. D. 1 struck the rear of another driven by Peter F. Mulheran, 70, of 1209 E. Main St., Salineville, Sunday at 4:20 p. m. on Route 172 about five miles west of Route 30.

Both were headed east. Vicki Hindman, 15, a passenger in her father's car, suffered a laceration of the upper lip. Hindman was cited for failure to stop in the assured clear distance.

Officers said a deer was struck and killed on Route 14 two miles east of Route 7 Sunday at 8 p. m. The motorist did not stop, officers said.

## Trot And Pace Group Names New Officers

LISBON — Richard (Dick) Stockman was elected president of the Lisbon Trot and Pace Club at a reorganization meeting Saturday in the McKinley Room at the VFW Post 411. He succeeds Paul Wolfe.

Other officers are Dean Stockman, vice president, and Roy James, secretary and treasurer. All the officers are of Lisbon. About 80 attended the dinner meeting.

Joseph Lanch, general manager of the Meadows, new harness track at Washington, Pa., was a guest speaker. He gave a report on the new plant, which will open in June. Movies of last year's Hambletonian in Illinois and the Little Brown Jug race at Delaware County Fairgrounds also were shown. The group's summer meeting date will be announced later, Stockman said.

## Soldier, Family Visit After Stay In France

Army Spcl. 4C and Mrs. Cecil McKinnon and daughters, Debbie and Pamela, are visiting local relatives after three years in Etina, France.

Mrs. McKinnon is the former Alma Flowers, daughter of Mrs. Macil Flowers, 1582 Globe St., and the late William Flowers. Her husband's parents are Mr. and Mrs. Forrest McKinnon of Henry Ave.

The family will visit here 20 days before he reports for duty in Missouri.

## Canvass Nets Over \$700 In Cancer Fund

Over \$700 was raised for the Cancer Fund Sunday in an area house - to - house canvass and the total is expected to grow when final reports are received, Harry McConville, city chairman of the campaign, said today.

Mrs. John E. Hall, who directed the canvass, reported contributions of \$700.11 in the incomplete total. McConville said persons who were not at home when the volunteer solicitors called may mail contributions to Post Office Box 113.

A Tag Day held Saturday in the business district cleared another \$307.13, according to Postmaster Samuel W. Brown, who is county campaign chairman. The drive was held by Camp Fire Girls, with the Horizon Club and the Key Club helping count proceeds at the City Hall headquarters. Miss Joan Witt was chairman.

A "bridge block" campaign held Saturday by Harding Chapter, Order of DeMolay, cleared \$80.45 for the Cancer Fund. Master Councilor Dale Hoffman was in charge. Proceeds totaled \$317 in the annual Chuck Stull Memorial Cancer Drive held Saturday on Pennsylvania Ave. by American Legion Post 374. John Ruhe was chairman.

A similar roadblock was held

Saturday at the junction of the Y. & O. Rd. and Route 267 by Glenmoor American Legion Post 736, but the post said the proceeds have not been totaled. It expects to announce a total Tuesday, Brown said.

Fifty - four dollars was collected in a traffic solicitation for the Cancer Fund in Chester Saturday morning by the Junior Women's Club and the High School Key Club.

A house-to-house canvass is scheduled for tonight and the Key Club is planning a benefit dance for all area high school students for Saturday from 8 to 11 p. m. in the High School gym.

Committee chairmen for the cancer drive are Mrs. William

Mountjoy and Miss Graycie Jackson.

A benefit dance for the Cancer Fund was held Saturday night at Beaver Local Public School by the Liverpool - Calcutta Ruritan Club. About 50 attended.

Meanwhile, McConville told volunteer workers that "we must work hard to achieve our goal."

## Driver Forfeits Bond

LISBON — Julius G. Kudela, 28, of Elyria forfeited a \$25 appearance bond Sunday in Mayor Dean Stockman's court on a reckless driving charge filed after his car knocked down a state road marker at W. Lincoln and N. Beaver Sts. His car hit the sign as he made a turn, police said.

## Concert Attracts 250

SALINEVILLE — Approximately 250 attended the annual spring concert of Salineville High School Band, featuring the Glee Club of the Youngstown Sheet & Tube Co., Saturday night at the high school. New uniforms to be purchased for next year were displayed.

France is Europe's largest wheat producer outside Russia.

## Golf Ball Hits Midland Boy

A Midland area child struck with a golf ball was admitted Sunday to City Hospital, where nine other persons were treated over the weekend.

George Adkins, 9, son of Lionel Adkins, 3-E, Midland Heights, is in "fair" condition today with a head injury suffered when struck by a golf ball. He was admitted yesterday at 11:20 a. m.

Eight others were treated Sunday. Frank DeSarro Jr., 7, son of Frank DeSarro, 326 10th St., Wellsville, suffered a possible fracture of the left wrist when he fell from a bicycle.

Belinda Dawson, 2½, daughter of Frank C. Dawson of Imperial Dr., cut her lip when she fell at home.

Francis Adkins, 24, of Glen Dale Rd., Newell, cut his upper eyelid with a golf club at home.

Kathleen Bragg, 13, daughter of Lester Bragg, 1129 Harker Ave., fractured her left wrist when she fell while roller skating.

Austin R. Gregory Jr., 6, son of Austin Gregory, 321 Adolphus St., Chester, fractured his right wrist in a fall.

Deborah Williams, 14, daughter of William Williams of Buckeye Ave., Wellsville, suffered lacerations and abrasions of both knees in a fall from a bicycle.

Tony Virden, 3, son of Alfred Virden, 1053 Oak St., cut his right forehead when he fell on cement steps.

Ronald Perkins, 20, of 378 Ohio Ave., Midland, injured his left ankle while playing basketball.

Timmy Duke, 2½, son of Robert Duke of E. 7th St., suffered the amputation of the end of his fourth toe of the left foot on a window seat at home.

## Ruritan Club At Unity To Give Show Tonight

EAST PALESTINE — The second annual benefit show of the Unity Ruritan Club will be presented tonight at 8 in the East Palestine High School auditorium. Singing groups of SPEBSQSA will be featured, including the Wellcomaires, Mode-Makers, Heather-tones and Colonial barbershop quartets, and a chorus.

Glenn Woods is director, and William Jones will be master of ceremonies. Proceeds will be used for charity in the community.

## Sabin Vaccine Given To 12,039 In Hancock

A total of 12,039 Hancock County residents received Type III Sabin oral polio vaccine as part of a mass program in seven Ohio Valley counties Sunday.

The turnout in all seven counties was at least 153,000, well below the 200,000 who showed up for the Type I and Type II vaccine on previous "Sabin On Sunday" programs.

Six clinics were operated in Hancock County, including five in Weirton. The other was at the County Health Department in New Cumberland, where 1,519 received the vaccine.

One of the Jefferson County

clinics was at Stanton Local High School in Hammondsville. About 570 received the vaccine, compared to about 680 at the Type II clinic.

Those in charge at Stanton were Dr. W. S. Banfield of Irondale, Dr. John Young of Toronto and Mrs. June Clark, supervisor of nurses.

## Pope Gives Reminder On Death's Approach

VATICAN CITY (AP) — Pope John XXIII, 81, has reminded the world that no one is immortal—not even himself.

He told a group of students Sunday that death "comes for all of us, even the Pope now speaking—and perhaps even soon."

## Slated At Pittsburgh

## Ceramic Group Expects 2,800 At Annual Meeting

More than 2,800 ceramists, ranging from artists to scientists, whose problems run from handling the heat of a rocket blast to designing a mosaic mural for a kitchen wall, will meet in Pittsburgh Saturday.

It will be the 65th annual meeting of the American Ceramic Society at the Penn. Sheraton Hotel through May 2.

During their six days in session, society members will hear 276 papers and numerous panel and roundtable discussions of their special branch of ceramic science or art. On the final day, they will take one of seven trips through Pittsburgh District plants.

Sunday, Dr. Augustus B. Kinzel, vice president of research for Union Carbide Corp. and former Koppers Co. executive, will speak to the National Institute of Ceramic Engineers, meeting in connection with the society's session. Dr. Kinzel will speak on "Ceramic Research—Where and Why?"

The papers to be presented during the society sessions run from discussion on highly technical problems to questions as common as a kitchen wall.

A sample from the technical

end of the program shows Edwin Ruh and Robert K. Scott, of Harbison-Walker Refractories Co. delivering a paper on "Design Performance of a High Temperature Diffractionmeter" Monday. B. L. Dorsey, of Jones & Laughlin Steel Corp., will discuss refractories in basic oxygen furnaces Tuesday.

On the nontechnical side, Frank Ross of Oliver High School will discuss "High School Crafts," and Jerry Caplan, of Chatham College, will talk about "Creative Ceramics" Wednesday.

Wednesday, there will be a roundtable discussion of "Kitchens and Bathrooms—Design and Color." Co-ordinator for the discussion will be Kenneth M. Gale, design director for the Mosaic Tile Co. of Zanesville.

The meeting will wind up Thursday with tours through Pittsburgh area facilities of Harbison-Walker, Jones & Laughlin, O. Hommel Co., U. S. Steel Corp., B. F. Drakenfeld Co. and Pittsburgh Plate Glass Co.

## Motorists Fined For 4 Violations

Three motorists were fined on traffic violations in weekend hearings before Squire Eugene Allison of Chester.

Albert Murphy of Charles St., Chester, was fined \$10 and costs Saturday night for improper passing. He was cited earlier by sheriff's deputies on Route 30.

James B. Lee of Chester R. D. 1 was fined on two counts Saturday night—\$5 and costs for driving a vehicle without a tail light and \$10 and costs for hazardous driving. He was cited on Carolina Ave. by sheriff's deputies. He pleaded not guilty but was convicted.

John F. Novak of Olmstead Falls, Ohio, was fined \$10 and costs Sunday afternoon after being cited by State Police on Route 30 for following a car too closely.

The most ancient records of architecture are found in Egypt.

## Talks Slated For Rubber Union Pact

AKRON, Ohio (AP)—Negotiations were to continue today on new contracts covering more than 50,000 United Rubber Worker Union members who have threatened to strike the nation's three top rubber companies.

The old contracts ran out at midnight Saturday—the deadline the union had set for possible strike action against Firestone Tire & Rubber Co., B.F. Goodrich Co. and the Goodyear Tire & Rubber Co.

URW locals at plants in 15 states had given their negotiators strike authority. The talks went past the strike deadline, and union officials agreed to keep workers at their jobs on a day-to-day basis while negotiations continued.

There were no progress reports Sunday in separate bargaining sessions in three Ohio cities. Firestone negotiations are in Columbus, Goodrich in Dayton and Goodyear in Cincinnati.

Union and management representatives have followed a long-standing policy of not commenting on how negotiations are going. A Firestone spokesman has indicated, however, a number of issues remain unsettled.

After the Goodyear talks recessed, a URW spokesman said, "We're apparently making some progress or we would not be continuing on a day-to-day basis."

Discussions at the bargaining table reportedly are centered on days, as well as a sabbatical vacation plan proposed by the union. Both sides reportedly are near agreement on supplemental unemployment benefits.

## Wellsville Opens Cleaning Work For Side Streets

Virtually all of the main streets in Wellsville have been cleaned with the mechanical sweeper and the side streets now are being covered. Safety - Service Director Fred Baldasare said today.

He also announced a program for patching blacktop streets.

The director said Broadway from 2nd to 3rd St., 1st St., 2nd St. and Mill St. will be cleaned between 4 p. m. and midnight. The area will be posted and motorists will be warned not to park in the area.

Nevada St. and 18th St. Heights were cleaned Saturday.

Hot mix blacktop patching will begin today. The director said the street crew will cover the town in sections. It will work first in the area from 3rd St. and Riverside Ave. to 9th St. and Riverside, covering all streets from the river to Buckeye Ave.

The curbs and crosswalks also are being painted yellow, where necessary, and new parking lines are being marked, he said.

## 'Maggie's Magic Teapot'

## Federation Will Sponsor Children's Play On May 4

For the sixth consecutive year, the City Federation of Women's Clubs will sponsor a children's play, "Maggie's Magic Teapot," the afternoon of May 4 at Westgate School.

The three-act play will be presented by the Merry Magic Players of Faye Parker's Pittsburgh Children's Theatre. Last year's production was "Aladdin" and 900 children attended.

Proceeds in previous years have gone to the federation clothing and shoe fund but this year will be used to send children to the YMCA Camp at Pine Ridge.

Tickets have been mailed to the membership and other friends and community leaders. In previous years, approximately 100 children have received free tickets from residents as sponsors. The number of camp scholarships depend on response from the letters.

Mrs. Paul A. Davis and Mrs. Norman Birnbaum, project chairman, are in charge of arrangements. Club representatives serving on the committee are:

Mrs. William Smith IV and Mrs. Burton Kerr, Colonial; Mrs. Charles Gerace and Mrs. William Kelly, Monday Literary; Mrs. Har-

old Gallimore, Bible Literary; Mrs. Frances Lang and Mrs. William Ogilvie, Helen Gould Literary; Miss Sara Thomas and Mrs. Irene Firth, Sorosis.

Mrs. T. Fred Edwards and Miss Jerry Horger, Travelers; Mrs. James Hassall and Mrs. Victoria Willis, United Mothers; Mrs. Leo Greenburg and Mrs. Birnbaum, Hillel Study; Mrs. W. S. Moore and Mrs. Charles Thomas Jr., Esther Bible, and Mrs. Naomi Robinson and Mrs. Libby Jividen, Newell Women's.

Mrs. Richard Sant and Mrs. William F. Porter, East Liverpool Women's; Mrs. William Pusey and Mrs. Fleda Mackall, Business and Professional Women's; Mrs. James Fortner and Mrs. Eugene Hall, Coterie; Mrs. James Gerace and Mrs. Richard Martin, Child Study; Mrs. Leo Lawrence and Mrs. Ray Unger, East Liverpool Garden.

Mrs. Richard Milner and Mrs. Charles Dunlevy, Jayceeettes; Mrs. Lawrence Black and Mrs. Andrew Myers Jr., Colloquium Study; Mrs. Jennie Deering and Mrs. Janet O'Hara, Quota, and Miss Jane Crawford and Mrs. William Martin, Junior Women's.

## Leo Lawrence Elected Head Of City Life Insurance Group

Leo C. Lawrence was elected president of the East Liverpool Life Underwriters Association at a reorganization meeting Friday afternoon at the Holiday Lounge in Chester.

Other new officers include James Steiner, vice president; Richard G. Milner, secretary-treasurer; James Bowen, national committeeman; William A. Kent, state committeeman, and Howard E. Tice, Jack Hixcox and William Rodgers, directors.

Two more directors will be elected and committee chairmen will be appointed at the May meeting.

S. L. (Hardrock) Gunter, general agent of the Guardian Life of Wheeling, spoke on "The Psychology of Communication of Ideas" in relation to the selling and purchasing of life insurance.

The average family ownership of life insurance reached a new

high of \$14,300 and aggregate ownership to \$680 billion in 1962. Life insurance purchased in 1962 totaled about \$78½ billion and benefit payments to policy holders and their beneficiaries reached a new high of \$9¼ billion.

Gunter was accompanied by Frank C. Biggio of Steubenville, vice president of the Ohio underwriters' group.

Biggio detailed several pieces of legislation pending before the State Legislature in Columbus concerning insurance. Local underwriters also were alerted as to a few companies who have been refused licenses in Ohio and some whose policies have not been approved by the State Insurance Department.

The association was invited to attend the meeting May 10 at the Steubenville group at the Weirton Community Center.

## State Legion Official Talks To 150 At North Georgetown

"The Stand of the Legion in the Present World Crisis" was the subject of a talk given by Vernon Allen of Cleveland, second vice commander of the Ohio American Legion, when 150 Legionnaires met Sunday in the North Georgetown Post home for the 10th District's annual spring conference.

Declaring members of the United States armed forces are fighting and dying in "brush fire" wars in various parts of the world, Allen said the public should be more alarmed about the world situation and insist the government take a firmer stand on foreign policies.

Robert Noble of Apple Creek, 10th District commander, presided. Welcome to the guests was given by Clinton Heacock.

Seventy members of the past commanders association met in the morning under the direction of Lester Numan of Canton.

Schools of instruction were featured in the afternoon, with Robert Hunter of Canton in charge of the school of rehabilitation. Dwight Bush of Homeworth, first vice commander of the district, conducted the school of membership. Jerry Knight of Massillon, second vice commander, the school of post activities, and Walter McCoy of Lisbon, the school of junior activities.

Members of the North Georgetown auxiliary served the dinner.

A pre-meeting dance was held Saturday evening, when 50 couples danced to the music of Merle Devitt and his orchestra.

William Hoff, North Georgetown post commander, and Dwight Bush were co-chairmen of the event.

## Canton Police Cite 16 After 3 Sunday Raids

CANTON, Ohio (AP)—Canton police arrested 16 men after raiding two suspected gambling places and a liquor cheat spot.

Policemen, armed with fire axes, smashed doors where necessary in the raids Sunday.

Capt. Ray Samola of the Morals Bureau said his men observed gambling for more than an hour in a basement room under the Serbian Club before police and two state liquor agents raided the place.

Also raided was Whimpy's Cafe and a second-floor spot on Carnahan Avenue. At the latter place, dice, cards, liquor and guns were confiscated. Two men who live at the place were arrested and charged with illegal sale of liquor, police said.

## Flody Suarez Resigns Post With Beavers

Flody Suarez, varsity baseball coach at Beaver Local High School for four seasons, submitted a written resignation today, effective June 1.

Suarez, 33, a resident of Pleasant Heights, said he plans to accept a post as assistant basketball coach and baseball coach at Mansfield St. Peter in Mansfield.

"I want to get back in basketball, and I feel the position is a step upwards," Suarez said.

Mansfield St. Peter, piloted by Bob Frye, was rated fifth in Ohio in basketball this season and generally is one of the Mansfield area's cage powers.

Suarez was reserve basketball coach at Beaver Local until a few seasons ago, resigning upon the appointment of Tom McCall as head cage mentor.

He continued with the Beavers as assistant football coach and head baseball coach. The Beaver Local baseball squads have won 43, lost 15 under Suarez including this year's 2-0 record.

Suarez is the second Beaver Local coach to resign recently. McCall quit as head basketball coach to join the coaching staff at Lisbon.

## Cubs Presented Awards During Calcutta Session

Presentation of awards highlighted a meeting of Cub Scout Pack 36 Friday night at the Longs Run Presbyterian Church.

Fifty-five attended. Receiving awards were Paul Knox, David O'Hanlon and John Eckhart, lion patches and pins; Timothy Crow, lion patch and pin with gold and silver arrows, and Robert Bernstorff, wolf patch and pin.

Received as new members and presented bobcat pins were Johnny Smith, David Baker, Dale Diddle, Tadd R. Blazer, Jan A. Rice, Gary L. Cunningham and Denis Thompson.

Mrs. Doris Thompson was received as a new den mother and presented a pin. Den 8 was in charge of the opening ceremonies, presentation of colors and pledge to the flag. Members of Den 11 presented a skit.

Refreshments were served by members of Den 6, with Mrs. Dorothy Muslovski in charge. The pack will visit the Buhl Planetarium at Pittsburgh Sunday. They will attend a sky diving show May 4 and a Boy Scout Show at Pittsburgh May 10-11. A fishing derby will be held May 25 at the Crocker City Farms.

The committeemen and den mothers will hold a planning session May 4 at 7:30 at the home of Mrs. Muslovski. The next pack meeting is May 17. David O'Hanlon is cubmaster.

## 4-H News

The Beaver Local Bells 4-H Club will meet Tuesday night at 6:30 at the home of Mrs. Mary Elenor Thompson of Calcutta. A work session is planned.

## District Youth Group Picks Newell Student

James Severs Jr., a junior at Wells High School and a member of the Newell Methodist Church, was elected secretary of the MYF at a spring rally Sunday night at the 4th St. Methodist Church at Wheeling. Over 400 attended.

He is the son of Mr. and Mrs. James Severs, 25 Washington St., Newell.

Other officers elected include James Jarvis of Wheeling, president; Tom Steyer of McMechen, vice president, and J. B. Shaffer of Wheeling, treasurer.

Speakers were Rep. Arch A. Moore and Miss Jo Ann Odum, Miss USA of 1961-62. About 50 churches were represented including a delegation of young people and sponsors from the Chester and Newell First Methodist churches.

## New Officer Begins

**Patrol Duty At Lisbon**

Ohio Highway Patrolman Neil Gray of Medina, recently graduated from the Patrol Academy at Columbus, has begun his duties with the Lisbon post.

Gray, 23, is a son of Mr. and Mrs. Fred Gray of Waynesburg, Pa., and was employed at a Cleveland plumbing concern before joining the patrol.

He is married to the former Olga Zaverack of Mather, Pa., and has a daughter, 2.

**REIGNING COUPLE.** Pete Commorata, son of Mrs. Ann Commorata, 1223 Commerce St., and Linda Culp, daughter of Mr. and Mrs. Stanton Culp of Frischkorn Addition, were crowned king and queen at the annual military ball of the Wellsville High School Band Friday night at Beacom Memorial gym. They were crowned by Mrs. Pat Montgomery, 1962 queen. She was escorted by Michael Sedor, as Lee Tice, king last year, is serving in the Marine Corps. Sixty-five couples attended the event, sponsored by the Band Parents. Supt. and Mrs. Lowell Myers, Mr. and Mrs. Don Lowe and Principal and Mrs. William Menough were special guests. "Evening In Paris" was the theme.

## Federation Aide To Speak To Chester Women's Club

Mrs. J. Wells Eakin of New Martinsville, president of the Northern District of the West Virginia Federation of Women's Clubs, will be guest speaker and soloist at the annual spring luncheon of the Chester Women's Club Tuesday afternoon at 1 at the Country Club.

Prominent as a vocalist, Mrs. Eakin is a graduate of the West Virginia University School of Music. She began studying when 14, and later received a university scholarship.

She is minister of music at the St. John's Methodist Church at New Martinsville, and directs a choral group composed of Civic League members.

Mrs. Eakin is a member of the Board of Governors' visiting committee for the West Virginia University School of Music.

She has also served as president of the Women's Civic League and vice president of the Northern District before assuming the presidency.

Mrs. Joseph Wells of New Martinsville, an organist, will accompany Mrs. Eakin.

Mrs. Walter Jordan, club president, will be in charge of the luncheon meeting at which the Newell Women's Club, Chester Arts Club, Chester Civic Club and Chester Junior Women's Club will be represented.

Mrs. Robley Evans was named chairman for the reception to follow confirmation on May 19, when the council will serve refreshments.

A contribution of \$50 will be sent to the Diocesan treasury toward the state pledge made by Episcopal Women to the home for a minister at Bexley Seminary. Next meeting is Sept. 13.

## Executive Of TB Group Speaks To Hancock League

Thomas A. Deveny Jr. of Charleston, executive director of the West Virginia Tuberculosis and Health Association, spoke at the annual tea and meeting of the Hancock County Tuberculosis League Friday with Mrs. E. D. Rothrock of Weirton.

A history of the local league was presented by Mrs. C. E. Stetson, who also praised local residents for contributing to the annual Christmas Seal appeal. The 1962 campaign netted \$5,611.66.

Mrs. William J. Moore presided. Mrs. John Greer, executive secretary, said a total of 3,297 X-rays were taken in 1962 as part of the league's program.

Of the total, 1,349 were taken during the annual school survey;

1,268 in visits of a mobile unit to the county, and 680 at a TB clinic of the league in New Cumberland. Ninety-three former tuberculosis patients made use of the league's X-ray facilities in the year, and 44 diseases other than TB were discovered. Ten patients were admitted to sanatoriums and seven were discharged.

Mrs. Richard Staley, nurse, also reported on clinic activities during March, with 37 X-rays taken.

## Advisory Unit To Meet

LISBON — The advisory board of the Catholic Service Bureau will meet Thursday at 7:30 p.m. in the St. George's Church Rectory. Don Archibald of East Palestine, president, will preside. Committee reports will be the main items on the agenda, according to Miss Mary Catherine Donahue, executive secretary.

## Bethia Southwick Chapter Holds Anniversary Dinner

Bethia Southwick Chapter, Daughters of the American Revolution, observed its 37th anniversary Friday night with a dinner at Platt's Tea Room on 15th St.

Mrs. J. Wallace Chetwynd is a charter member of the group and Mrs. Bruce Curby became a member soon after its organization.

Mrs. Stu Wilson, guest speaker, in her talk on "The Theater," pointed out that there should be a link between the DAR and the theater since the former always has stood for culture.

She related some of the background of the early theater, mentioning that the first was in Philadelphia in 1776. She said that the theater always has been a part of American life.

She displayed a floor plan of the old "Cooper Opera House," at one time a popular place of entertainment. The speaker, who was instrumental in organizing "The Little Theatre" in Wellsville, emphasized that the theater gives opportunity for many people to do many things and that the thought behind the group is to bring good family entertainment. She urged support of "The Little Theatre" presentations.

A gift was presented to the speaker. Mrs. Robert Faulk, regent, led the DAR ritual and Mrs. Curby led the pledge of allegiance.

In keeping with the observance of the chapter organized by the late Mrs. W. F. Lones, Mrs. Clarence G. Green, chaplain, used the

theme, "Keeping Faith" for devotions. She said members should be true to those who organized the chapter upon patriotic and Christian principles and should keep faith in God and Country. She told briefly of the 64th annual state conference of the Ohio DAR Society March 11-13 at Cincinnati.

Mrs. Alva Dickey, national defense chairman, mentioned current legislation up for action and said members should give them careful consideration. Mrs. Carolyn Vogel and Mrs. Ford S. Ball were in charge of the dinner arrangements. Ribbon roses were the favors.

Mrs. Carl Haugh of Main St. will be hostess for the May 10 meeting, when "American Music Month" will be observed.

## Churches Plan Study On Merger Proposal

Action was taken for further study on the proposed merger of the Hookstown and Mill Creek Presbyterian Churches at a congregational meeting Sunday following services in the Hookstown Grange.

The Rev. George H. Bohlender, pastor of the Midland First Presbyterian Church and stated clerk of the Beaver-Butler Presbytery, presided.

Another congregational meeting will be held soon and date will be announced, Rev. Bohlender said.

## Tub Of Flowers

For a unique and beautiful patio decoration, find an old butter tub in a second-hand store, paint it white, fill with soil and sink clay pots of geraniums at the surface. It will make an eye-catching conversation piece. No butter tub available? The same thing can be done with a large basket if you line the basket with plastic film before filling in soil.

**J. A. LOCKE, JR.**

I wish we had a dollar for all the times a customer has come into the store and asked to see a "blue-white" diamond. This term, along with the adjective "perfect" is probably one of the two most misleading ideas about diamonds that exists in the public mind. In an earlier column, I explained the meaning of "perfect" as it refers to the clarity factor of a diamond. It simply means that if a diamond has no flaws visible under 10-power magnification (to a trained eye) it can be called "perfect."

A more important factor in diamond value and quality is the color of the diamond, and its cutting. Top color in diamonds is a complete absence of color. Practically all gem diamonds have a slightly yellowish body color. The degree of this color affects the price you pay. True colorless diamonds (which are the most desirable) are almost as scarce as the "fancy" diamonds which have a definite body color such as an intense canary yellow (not to be confused with the yellowish tinge of a poor quality diamond), pink, green, deep blue, or red.

Approximately one in five hundred diamonds will have what is considered this "blue-white" color. Stones of this quality are so scarce and the term so abused that today, "blue-white" is seldom used in advertising by the ethical jeweler. Members of the American Gem Society such as myself, are actually forbidden to use the term since it so misleading to the public. What happens so often, is that the description "blue-white" is applied to any diamond which is not obviously yellow to the eye when mounted. If viewed out of the mounting under proper diamond light and against a white background — these so called "blue-white" stones soon reveal themselves for what they are.

### Sea Scouts Get Charter At Chester

Sea Scouts Ship 80 of Chester received its charter Saturday night during exercises at the home of the Chester American Legion.

The presentation was made by Chief Ken Brooks, who also screened films about Telstar.

The guests were welcomed by Skipper Jeddie Spencer.

Robert Gray, executive of the Cherokee District of the Columbian Council, was guest speaker. Other remarks were by Paul Patterson, district commissioner; Adolf Brandt, Scoutmaster of Troop 31; former mayor Burton Ward, and Elmer Mercer, Scoutmaster of Troop 69 of Pughtown of the Steubenville Council. He also took films of the meeting.

Assistant Skipper William Moore of the Sea Scouts assisted with the program.

The meeting opened with prayer by the Rev. Robert Thomas of the Chester Church of the Nazarene, followed by the pledge of allegiance to the flag.

Those present for the ceremonies were: Eugene Green, Richard Rhodes, Larry Smith, Tommy Ward, Mike Wilson, Terry Moore, Fred Bowers, George Gillespie, Tim Williams and Jim Kell.

Refreshments were served by Mrs. William Tuttle and Mrs. Tim Cunningham of the Fairview Rd.

### Rogers Ruritans To Give Minstrel

Specialty solos and dance acts will highlight the fourth annual minstrel show of the Rogers Ruritan Club to be presented Tuesday night at 8 at the Beaver Local Public School auditorium.

Soloists will include George Batchelor, Bob Beihart, James Reid, Merle Dawson, Elbert Lynn and Glen Wilhelm. They will be accompanied by Charlotte Crawford.

Other acts will include a dance team — Kathryn and Bob Batchelor — and duets by Mary Lou Boies and Carolyn Beihart.

George VanHorne will be inter-luctor. End men include Bill Carlisle, Dick Barnhouse, Jack Clunk, Ernie Lowe, Bob Huffman and John Ellis. James Reid is director.

### Ex-Publisher Claimed

NEW YORK (AP)—William H. Eaton, 81, former publisher of the American Home magazine, died Sunday.

### 18 Given Nurse Aide Certificates

Completing the first course of its kind in Ohio, 18 women received certification Friday night after finishing a 90-hour training course for nurses' aides.

Mrs. Helen I. Bemis, R.N., one of the instructors, is shown presenting certificates to Mrs. Mary Edna Smith, second from left, and Mrs. Geraldine Lutton while Mrs. Ilene Dobson, right, test examiner for the Ohio State Employment Service office, looks on.

Other women receiving certificates were Bernetta J. Brown, Patricia H. Cornell, Bernice M. Deem, Velma Jayne Dickey, Anna M. Fenton, Beverly J. Garner, Rhoda L. Leyda, Phyllis M. Lewis, Gertrude M. McCall, Margaret Ann Petty, Ruth M. Palmer, Elma L. Riggs, Doris Mae Sayre, Thelma L. Shamp, Ethel L. Simms and Maxine L. Smoot.

The course was provided under the federal Manpower Distribution and Training Act after the OSES conducted a survey which showed a need for nurses' aides in area nursing homes. Harry L. Dinsmore, OSES manager, explained.

Although completion of the course does not guarantee

placement, the OSES will contact the nursing homes to explain nurses' aides are available.

The OSES also tested, screened and selected the women but the Board of Education was responsible for the training.

In addition to Mrs. Bemis, Mrs. Floribel Allen and Mrs. Elizabeth Palmer, both registered nurses, also served as instructors for the course, which started March 25.

A third of the women's time was devoted to studying personal actions of patients and problems in nursing care. Other subjects included foods and fluids, moving patients, protecting patients, elimination, admissions and discharges, equipment care, temperature, pulse and respiration, and applying heat and cold.

No future courses are planned unless the need develops.

### Mrs. Elmer Eiferd Named Head Of Colloquium Club

Mrs. Elmer Eiferd was elevated to the presidency of the Colloquium Study Club at the meeting Thursday night when Mrs. Ray Alley was hostess at the Potters Savings & Loan Co. annex.

Others elected were Mrs. G. Richard Jones, vice president; Mrs. John T. Smith, secretary; Mrs. Earl Applegate, treasurer, and Mrs. Fred McManus, assistant secretary-treasurer.

The nominating committee was comprised of Mrs. Charles Goodman, chairman, Mrs. Andrew Myers Jr., Mrs. Lawrence Black and Mrs. William Kyle. Mrs. Ernest Lowe, president, presided for business. A letter was read from Mayor Bert Good-ballet, asking co-operation with the Chamber of Commerce spring cleanup campaign.

Mrs. Eiferd, program chairman, introduced Mrs. Dale Thompson, who screened slides

with commentary of a three-month trip to Australia.

Refreshments in form of a "box lunch" were served 20 by the hostess, assisted by Mrs. Applegate. The buffet table featured a travel theme with the use of a model ocean liner, placed on red, white and blue streamers, and flanked by an airplane and bus. Lighted red tapers completed the setting. Mrs. David McEwen poured at the silver tea service.

Travel folders, booklets entitled "How To Be Less Innocent When You Go Abroad" and miniature plastic suitcases were favors.

Installation of officers and initiation of new members will feature the closing dinner May 15 at the Travelers Hotel. The social committee is in charge of arrangements.

### New Officers Seated For Grant Democrats

Officers of the Grant District Democrat Club were installed by Mrs. Dick Wright at a meeting Sunday afternoon in the Chester VFW Hall.

They include W. C. Graham, president; Alonzo Brown, first vice president; Julian Wilson, second vice president; Miss Alberta Stravinsky, secretary, and Miss Donna Marie Wright, treasurer.

Books were audited and committee reports were heard. Lunch was served by Mr. and Mrs. Sherman Williams and Irwin Higgs.

New committees will be appointed at the meeting May 19.

### Church Camp Group Plans Rules For Pool

Rules and regulations for use of the new swimming pool were outlined at a meeting of the operations and administration committees of the Beaver Creek United Presbyterian Church Camp Saturday afternoon at the home of Mrs. Allen Pepin of Cannons Mills.

A report will be presented at the trustees meeting May 11 at 1:30 at the camp. Robert Hummer of Girard, chairman, will preside. The program committee meeting scheduled for last Friday night was postponed to Friday at 7:30 p. m. at the Pepin home.

## ANSWERS YOUR PROBLEMS

### Noisy Neighbors

Dear Ann: I need advice and fast. This is a second marriage for both my husband and me. I'm raising my two kids and two children by his first wife. I have two children by my first husband.

His youngsters were very young when we married and mine were, too. We saw no reason to tell them they were stepbrothers and sisters. Everything was fine until last week when our next-door neighbor's son told our children they are stepbrothers and sisters.

Now my husband's children gang up against my two and the four forever are quarreling and fighting.

Why can't neighbors mind their own business? That little brat's loose lip is wrecking our family. Can you help? — MOTHER AND STEP-MOTHER.

Dear Mother: It would be very nice indeed if neighbors kept their noses out of other people's business. But this isn't the way the world works.

Anyone who counts on the closed mouths of neighbors or friends is leaning on a slender reed.

Please don't heap all the blame on the mouthy little neighbor kid. The truth told directly (and early) by you and your husband could have prevented this mess.

At this point I can suggest

only patience, fairness and affection to each child in turn.

Dear Ann: I'm a boy 11 years of age. I am writing about a family problem. I hope you will print it in the paper because a lot of kids I know have the same trouble.

Every night there are fights at our house because of TV. Mom wants to watch some goody love story and pa wants to see wrestling or a gun fight.

There are four of us kids and we don't get to say a word about which channel is on. Plenty of nights it's nothing but junk. Don't you think in a free country the majority should rule?

Thank you very much.—NOTHING TO SAY.

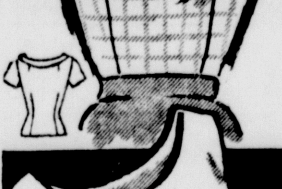

Dear Nothing To Say: Four kids in the family and you think the majority should rule? Well, remember Sydney Hook's famous words, "Majority rule is not reasonable in a prison, an institution for the feeble-minded or in a family of small children."

And instead of hanging around the boob-tube every night, I'd like to recommend an old-fashioned pastime. It's called reading.

The only fish which swims in an upright position is the sea-horse, a fish native to the Atlantic, Gulf of Mexico and the Mediterranean.

## Car Inspection Set

HARRISBURG — Traffic Safety Commissioner Harry H. Brainerd today reminded Pennsylvania car owners and official inspection station operators that a new semi-annual vehicle inspection campaign begins May 1. The deadline for obtaining a vehicle inspection and a new sticker is midnight, July 31, and no extension will be given, Brainerd said.

## Hints from Heloise

— By Heloise Cruze —

DEAR HELOISE: I seldom make rolled cookies because I hate the way they get tough when I work the dough in the flour to roll them but . . . I just made a marvelous discovery!

Mix half flour and half sugar and sprinkle this mixture on your pastry cloth or dough board and then roll the cookies. They roll faster and easier and the little bit of sugar that is absorbed offsets the toughening action of the flour and the handling.

Because I hate the job of making cookies, I have learned to make more than one batch at one time.

I save the rolled type cookies till last to bake. These, I roll and cut as rapidly as possible, putting one panful of cookies on a sheet of waxed paper and stacking them in layers to fit the cookie sheet until I have them all rolled and cut.

While the last of the cookies are baking, I can clean the kitchen. If I get interrupted or don't have time to finish baking them, I pop the sheets of wax paper (which are filled with cut cookies) in the freezer and they are much more apt to get baked tomorrow and are far better than a lump of sticky dough stuck in the refrigerator . . . which usually gets dried out and hard.

The flour and sugar mixture has an added advantage:

Just turn the cookies over as you place them in the pan and they have a daintily sugared top, eliminating the mess of trying to put sugar on a cookie so that it will not get on the pan and burn.

MRS. IVER LONGETERG.

DEAR HELOISE: In order to keep plastic refrigerator bowls from retaining odors, always rinse the bowl in very cold water immediately after removing the contents from the bowl itself. Then, when dishwashing time comes, wash plastic food containers first, even before washing glasses. This will keep bowls from feeling greasy.

When an odor has "set" in a plastic food container I place a piece of wet newspaper in the bowl and freeze it for 25 hours. This removes the odor from my plastic containers.

I am a dealer in plastic food containers and this is what I always tell my customers.

LOU PENNY.

DEAR HELOISE: Why do draperies rot on one side? The rest of my draperies are perfectly good.

PEGGY FROMAN

DEAR PEGGY: Draperies and curtains should be interchanged . . . frequently.

This means . . . remove the draperies and curtains from one window and put them on the other side of the room if at all possible.

Exposure to the sunlight rots the drapery, especially if it comes through a window-pane. (Or, take the drape or curtain from the left-hand-side of the window and hang it on the right-hand-side.)

By changing the draperies you are prolonging the life of the one which you have removed from the window. This way they will all "give-out" at the same time.

When you do your spring and fall house-cleaning, vacuum or put your draperies in your dryer—without heat and tumble them awhile. This will remove most of the dust. And remember draperies and curtains must be dry cleaned and washed once in a while to prevent further rot and deterioration.

HELOISE.

DEAR HELOISE: In my new home I have a closet door and a front door that opens the same way.

The closet door always seems to be open so that when I enter the room . . . "bang" . . . a new scratch on either one door or the other, from the door knobs.

My mother was visiting here recently and she bought some

heavy yarn (the color matches the room) and crocheted a round ball to fit over the door knob! One could put elastic through the yarn but I just use a rubber band to hold it on.

This might work beautifully for those who have doors which bang against walls and so forth. It sure saves my doors. We now have one knitted "hood" on each door knob.

MRS. L. E. EDMONDS.

DEAR HELOISE: Would you please have your readers—which are my friends—write me and tell me how to remove coffee and tea stains from table cloths? I sure would appreciate it.

COFFEE FRIEND.

Dear Folks: I have read many ways to do this but have any of you actually found a way that really works? If so, please do pick up that post card and pencil and let us know exactly you did.

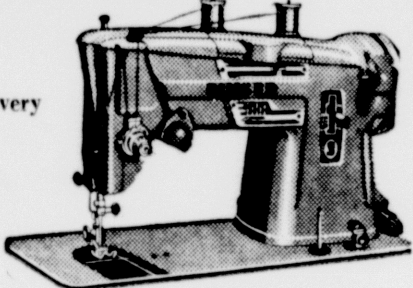

HELOISE.

Heloise welcomes all mail, especially household hints which she can pass on to readers as space permits. However, because of the tremendous volume of mail she receives daily, Heloise is unable to answer all individual letters. She will answer readers' questions in her column whenever possible.

### Nuclear Reactor At Sandusky Hits Full Power Level

SANDUSKY, Ohio (AP) — The nuclear reactor at the Plum Brook Station here is ready to begin research work.

The National Aeronautics and

Space Administration's Lewis Research Center in Cleveland said the Plum Brook reactor reached its full authorized power of 60,000 kilowatts Sunday for the first time.

Lewis will operate the reactor in experiments under a program aimed at developing a nuclear space rocket. Lockheed Aircraft

Corp. will join the NASA facility in conducting the first experiments. These will involve small samples of metal, which will be exposed to radiation at extremely low temperatures—more than 400 degrees below zero.

This will duplicate conditions the metals might be subjected to in outer space as part of a

nuclear-powered craft, in which they would be exposed to intense radiation from the power plant.

Johnny Burnett of the Cleveland Indians gathered nine hits in 11 times at bat on July 10, 1932, in an 18-inning game, setting the major league record for the most basehits in one game.

### Schools Integrated

FRANKFORT, Ky. (AP) — Complete integration in Kentucky's 206 school districts should be achieved within 10 years, an Education Department official estimates. Sam Taylor, the official, said more than one-half of Negro public school pupils are enrolled in integrated schools.

# Bringing Up A Family

By GARRY C. MEYERS

Parents Should Enjoy Their Children

How wonderful it is to observe a mother or father in a station, on a bus, train or plane or in the family, treating the child two, eight or fourteen as the precious person he is. The child is a precious person in all times, but it seems to be almost grown-up. Often in this column we have discussed measures of controlling the Dr. Garry Meyers youngster so as to help him learn to respect proper constituted authority and have due regard for the rights and feelings of others. One reason emphasized for such desirable control is to reduce mutual annoyance between child and parent and to clear the decks for mutual parent-child enjoyment. The well-disciplined youngster at two, eight, or fourteen can be a happy child with an abundance of affection and love.

es; we are ready to answer him as well as we are able.

Nothing he says or asks seriously — and he nearly always is very serious — will strike us as funny or wrong. We reply to him as the precious person he is. He does not need to feel ashamed that he doesn't know as much as we do; nor do we feel ashamed to be learning something new from him.

WHEN AT NIGHT we reflect on the day with our children, or muse over longer periods when away from them, we can recall all these happy experiences we have had with them. So can the children while away from us.

I suppose that one good measure of our enjoyment with our children is the number of times we and they, when away from each other, recall with warmth and pleasure times when we were together talking and feeling comfortable.

If we grow up so companionably with our children, think of all the happy experiences we may be able to recall when we are old and they are grown.

In that prayer I once wrote for myself as a parent appears this: "Help me to grow up with my children, to treat them as those of their own age."

My bulletins, "Enjoying Our Children" and "A Parent's Prayer," may be secured by sending a self-addressed stamped envelope to me in care of The Review.

WITH A FEW matters of desirable control established, what opportunities we parents or grandparents can have with our children. We can converse with our child companionably when he is three, twelve or sixteen, he and we feeling comfortable, enjoying a glow of happiness as we do. We can learn to understand and enjoy each other, with not a word or feeling of strain or vexation between us.

At such times we are glad to hear him tell us anything he likes, to ask us any questions he wishes.

## Miss Elsa Rubin Elected To OSU Phi Beta Kappa

Miss Elsa Ann Rubin, daughter of Dr. and Mrs. Herschel Alan Rubin, 324 W. 4th St., has been elected to the Phi Beta Kappa Society at Ohio State University at Columbus, where she is a senior.

## Guard Squadron Gets Annual Safety Award

COLUMBUS, Ohio (AP) — The Ohio Air National Guard jet squadron which flew to France during the 1961-62 Berlin crisis has been presented the Frank P. Lahm Air Safety Trophy.

Maj. Victor A. Rawlins of Chillicothe, commander, received the trophy on behalf of the Columbus-based 166th Tactical Fighter Squadron during ceremonies Sunday at Lockbourne Air Force Base.

The trophy honors retired Brig. Gen. Frank P. Lahm of Mansfield, one of two living aviators trained by the Wright brothers. It is awarded annually for the Ohio Air Guard tactical squadron with the best flying safety record.

## Georgia Nine Claims Dance Marathon Title

MARIETTA, Ga. (AP) — Four couples and a stag are claiming a record for marathon dancing. They did the twist for 62 hours and 30 minutes, bettering a mark of 60 hours and 12 minutes set recently in Helsinki, Finland. Marietta's marathon contest ended early Sunday and was declared a draw among the nine twisters still on their feet.

## Area Indices Climb

## District Payrolls Gain 11 Per Cent

Pacing a general upturn in East Liverpool district business and industrial indices, payrolls at 11 plants climbed more than 11 per cent in March, compared with their February levels.

The monthly summary of conditions issued today by the Chamber of Commerce showed payrolls totaled \$1,322,253 last month, a gain of 11.6 per cent from the \$1,014,836 shown in February. Expressed in dollars, the gain was \$307,417.

Employment at the same plants climbed by 4.3 per cent last month, the Chamber pointed out. The concerns listed 3,340 employees in March, against 3,202 in February — a gain of 138 jobs.

THE PAYROLLS total \$3,162,181 for the first quarter of the year, off 21.7 per cent from the \$4,048,964 shown at the same time in 1962. Employment averaged 3,201 monthly in the first quarter, a decline of 17.8 per cent from the 3,892 listed at the same time in 1962.

Closing of the Edwin M. Knowles China Co. late in 1962 apparently accounts for most of the decline in the comparison of the two years. The 1962 employment and payroll figures include the Knowles statistics. Last year's

monthly statistics were based on reports from 12 plants, while the 1963 summaries reflect employment and payrolls at 11 plants.

INDICATING the annual winter slump has ended and a mild boom is under way to herald spring, the Chamber listed gains in 10 indices last month, compared with February. Only three indices declined from their February levels.

But the comparison of first quarter figures in the same lines showed gains for three lines, declines in the other 10.

The strongest gains were shown in sales of new and used cars. New car registrations in Columbiana County hit 299 in March, up 60.8 per cent from the 186 listed in March. They totaled 696 for the first quarter, off 5.6 per cent from the 737 shown at the same time in 1962.

SALES of used cars hit 1,450 in March, a climb of 168 per cent from the 540 listed in February. They stand at 2,570 for the first three months of the year, a drop of 10 per cent from the 2,857 shown at the same time in 1962.

The city's parking meter receipts climbed to \$5,577 in March, a rise of 33.7 per cent from the \$4,171 shown in February. They total \$14,015 for the first quarter, up 7.8 per cent from the \$13,003 shown at the same time in 1962.

The brightening employment picture was accompanied by a decline in the city's relief cas-

load. The city had 105 cases in March, a decline of 7.9 per cent from the 114 shown in February. The case load averaged 113 monthly in the first quarter, a rise of 24.2 per cent from the average of 91 shown at the same time in 1962.

INBOUND railroad carloadings totaled 238 in March, a gain of 41.7 per cent from the 168 recorded in March. They totaled 584 for the first quarter, off 35.3 per cent from the 902 shown at the same time in 1962.

Outbound carloadings hit 346 last month, a gain of 1.8 per cent from the 340 listed in February. They stand at 1,007 for the first quarter, off 19.8 per cent from the 1,256 listed at the same time last year.

District dams locked through 350 tows in March, a gain of 9 per cent from the 321 handled in February. The dams locked through 1,001 tows in the first quarter, a decline of 26.8 per cent from the 1,367 recorded at the same time in 1962.

THE MARCH river traffic represented 1,122,000 tons of freight, a decline of 6.6 per cent from the 1,201,000 tons recorded in February. The traffic in the first quarter represented 3,413,100 tons, off 27.8 per cent from the 4,728,250 tons shown at the same time in 1962.

Postal receipts totaled \$21,768 in March, down 7.6 per cent from the \$23,566 listed in February. They hit \$70,708 in the first quarter, a climb of 16.1 per cent from the \$60,895 shown at the same time in 1962.

Bank clearings totaled \$3,028,149 in March, down 4.8 per cent from the \$3,181,150 shown in February. They totaled \$9,431,153 for the first quarter, off 2.7 per cent from the \$9,696,495 shown at the same time in 1962.

Bank debits hit \$23,104,487 last month, up 11 per cent from the \$20,805,626 recorded in February. In the first quarter, they averaged \$22,241,860 monthly, up .02 per cent from the \$22,208,086 average shown at the same time in 1962.

## Chester Boy Receives Prize At Science Fair

James Seeley, 14, son of Mr. and Mrs. Eugene L. Seeley, 800 Lotus Ave., Chester, received a fourth place award in the ninth grade general science division at the Pittsburgh Regional Science Fair.

Seeley was presented his award at a ceremony Friday night at the Allegheny Branch of Carnegie Library. The fair is being presented at the Buhl Planetarium in Pittsburgh and is open to the public through May 12.

He won second place in the Tri-State Science Fair at Steubenville. His entry was a digital computer. He received a science key and a camera outfit.

Roger Vincent of Beaver Local High School won honorable mention.

## Tax Value Drops

FRANKFORT, Ky. — The tax valuation of whisky stored in Kentucky warehouses has been cut from \$28 to \$27 per barrel. Revenue Commissioner James Marcum said the whisky market has weakened and the state wants to equalize whisky assessments with other tangible property.

## Burglars Obtain 2 Cases Of Beer

Two cases of beer were stolen over the weekend from a truck parked outside the Iron City Distributing Co. warehouse on Market St. C. H. Christ, manager, reported to police this morning.

Employees discovered the theft when they reported for work this morning and found the garage doors open. Investigation showed two cases missing from the parked truck but an inventory was to be taken to determine if anything was missing from trucks parked in the garage.

Police said the method of entry couldn't be determined although they doubted the garage doors could be opened from the outside.

Meanwhile, officials of the Good-year Store, 653 Walnut St., told police an odd-shaped rock was thrown through a 9-x-7-foot front window over the weekend.

## Airmen Killed As Car Hits Truck At Newark

NEWARK, Ohio (AP)—A convertible in which four Air Force men were returning to their base early today brushed the front end of a semi-trailer and overturned, killing Airman 3. C. Luke C. Conley, 18, of Six Mile Run, Pa.

Roland Habitz, 17, of Baltimore Md., was admitted to St. Anthony Hospital in Columbus, with a broken leg and other injuries.

Ed Reustle, 18, of Willow Grove, Pa., identified by the highway patrol as driver, and Edward Cole, 18, of Wilkes-Barre, Pa., were released after treatment of minor injuries.

## Herr Named To Head Palestine's Cafeteria

EAST PALESTINE — Richard Herr, principal of Unity school, was named today as director of the first cafeteria program in the city school system. The cafeteria will open April 29.

Cost of lunches for students in grades one through six will be \$1.25 weekly, while junior and senior high school pupils will pay \$1.50.

Pupils bringing lunches can buy milk for 15 cents a week in cafeterias in four buildings in the city system.

## 'May Fellowship' Set By Wellsville Women

Plans have been outlined for 'May Fellowship' of the United Churchwomen's Council of Wellsville May 3 at 7:30 p. m. in Lee's Chapel African Methodist Episcopal Church, according to Mrs. Marcelline Gooch, chairman.

A representative from each of the participating churches attended a recent meeting and planned the service, which will include a book review by Mrs. Margaret Anna Shoub, special music by the host church and other special selections.

## Intruder Breaks Windows, Loots Morton St. Home

Nine windows were broken and some dishes were smashed when an intruder looted an unoccupied home at 945 Morton St. owned by Mrs. Helen Wilson, police were told Sunday afternoon.

Although the house had been boarded up while it was being prepared for occupancy, the intruder gained entrance via the rear, police said. The burglar took a large assortment of tools and a blue plastic coat valued at \$45, officers said. The home was entered sometime Saturday or Sunday.

Meanwhile, Leroy Clark, 654 Almont St., reported theft of two hubcaps from his 1962 model auto. One hubcap was taken between 10 p. m. Thursday and 5:30 p. m. Saturday while the car was parked on Lincoln Ave. The other was removed between 10:15 and 10:30

p. m. Sunday while the auto was parked on Almont St., he said. Erma Adkins, 1903 Harvey Ave., told police a vandal hurled a stone through a 20-x-29-inch window at her home about 10:40 p. m. Sunday.

## Chester's Chief Nabs Driver After Pursuit

Albert G. Karn, 52, of McKees Rocks, Pa., was cited Saturday at 5:30 p. m. on Route 30 about a mile and a half east of Chester by Acting Police Chief Clarence Lennens on a charge of driving while intoxicated.

Lennens pursued Karn at a high rate of speed after he had crashed stop signs on Carolina Ave. at 8th and 9th Sts.

Karn posted a \$116 bond to appear before Mayor Harry Abrams of Chester Thursday.

Johann Gutenberg of Germany invented the movable - type kind of printing in about 1440.

## City Office Continues Work On Tax Returns

Still digging his way out of a heavy last - minute rush, D. G. Wilkinson, city tax commissioner, said no figures on the municipal income tax collections will be available until late this week.

"We're still swamped with unopened mail," Wilkinson said, explaining less than 10 per cent of the mail received in the final few days before the April 15 deadline has been opened.

He estimated between 700 and 900 pieces of mail remain to be processed by the staff.

The heaviest last - minute rush in history swamped the office on the April 15 deadline, with the staff remaining nearly three hours after the regular closing to handle the last - minute returns. It was the final date for entering final returns on 1962 income and filing estimates on 1963 earnings.

### Use Of Plywood Brings Question

Question: I have used regular plywood on several occasions, but I now have an outdoor installation to make and I have been told that I need a special kind of plywood. Can you tell me something about it and whether it requires any special handling?

Answer: Your informant is correct. You will have to purchase exterior plywood for outside work. It is much the same as the plywood you have been working with, except that the plies or veneers of wood have been bonded together with a waterproof adhesive.

Indoor plywood has waterproof adhesive, which is excellent for all general purposes, but will not hold permanently when constantly attacked by water. Exterior plywood is plainly marked, usually with the large letters E-X-T.

As with the indoor type, exterior plywood comes in several different grades. These refer to the appearance quality of the outer plies of the wood.

You can get it with one side good, two sides good, and so on. Remember, this applies to appearance, not strength. The kind of wood, the glue used and the manner of assembly are the same for all grades.

Exterior plywood panels come in sizes 4 feet by 8 feet, but can be obtained in lengths of 20 feet or longer for special purposes. The most popular thicknesses are from one-quarter inch to three-quarters of an inch.

### Hebron Man Awarded Top Auxiliary Honor

COLUMBUS, Ohio (AP) — A Highway Patrol auxiliaryman burned while assisting in the rescue of persons from a burning ferris wheel has been presented with the highest award given to a member of the 4,000-member auxiliary.

Wayne H. Tresemer of Hebron in Licking County received the Earl Ulmer Award Sunday for his efforts last Aug. 29 at the Ohio State Fairgrounds. Tresemer received first and second-degree burns in the rescue. The award was made during the two-day state meeting of the auxiliary.

Due To Open In September

## Work Advances On Southern Local School

Interior work is nearing completion on the new \$760,000 Southern Local High School building on Route 39 near Salineville, due to open to its first students in September.

This view from Route 39 shows the multi-purpose room with stage projecting to the left with the school name on its wall, the school entrance behind the trucks, classrooms to

the left and the gymnasium at the rear.

Installation of terrazzo and tile floors, ceilings and light fixtures remain to be completed by Robert A. Gribben, general contractor, and other contractors in the project. Work was started last summer.

The new high school will have seven classrooms along with laboratories, study rooms,

shops, home economics area, library, offices and other facilities. It will house about 400 students.

Money for the structure, located on a 45-acre tract east of Salineville, was obtained through a \$404,000 state grant along with a \$350,000 bond issued approved by voters in 1961.

The present Salineville High School building will be utilized

for an elementary school at Salineville, and the 68-year-old grade school will be closed.

Southern Local District includes Salineville, Franklin, Wayne, Highlandtown and parts of Yellow Creek area.

School and community groups are planning landscaping of the school grounds, along with preparation of a football field at the new school.

## Price Boosts Stir Fears Of Steel's Users

CLEVELAND (AP) — Steel users started ordering extra tonnage last month, but now some are afraid their protection against a possible strike isn't adequate, Steel Magazine said today.

The reason, the metalworking weekly said, is that higher prices by the producers may boost steel industry earnings and encourage the United Steelworkers of America to bargain more aggressively.

"Steel price increases may have a paradoxical effect on the market, spurring demand and speeding the buildup of consumer inventories," the publication said.

"Before the price hikes, demand seemed to be topping out. Now there's evidence of renewed activity."

The consensus is that April bookings will top those last month by 10 to 15 per cent, Steel said.

A growing number of people believe a contract reopening by the Steelworkers is virtually certain—"not on May 1, perhaps, but as soon as USW President David J. McDonald regains his health and summons his wage policy committee," the magazine added.

Steel users in major metalworking cities contacted in a survey by the publication indicated that if the new steel prices stick, the hikes will be passed on to the consumer on a "selective" basis.

"Automakers haven't said the steel price increases will be passed along on 1964 models," Steel said. "Material cost increases per car will average about \$6. Most of the hikes are on the flat rolled products used extensively in automobile construction."

The magazine predicted another increase in steel production this week. Estimated output of 2.5 million tons last week was the highest since the first quarter of 1960 and compared with 2,464,000 tons the previous week.

## Tasteful Use Of Color Key To Bathroom

CHICAGO — Bathrooms are becoming larger, lighter, more luxurious, better planned, more practical and comfortable.

Tasteful use of color and texture in materials and fixtures is the key to luxury in the modern bathroom. Plumbing contractors are advising builders how to create that living room look by the use of today's subtle decorator colors and textures.

Twin lavatories are the most noticeable trend in bathroom planning. Two bowls are sunk in a long countertop made of plastic laminate or marble.

In many new bathrooms clever compartmentizing gives the effect of three bathrooms where there are but two.

In Florida and some other southern states it has become the general practice to give the bathroom an exterior door opening on the patio, the Plumbing-Heating-Cooling Information Bureau says.

West coast builders have created a trend toward the "garden bath" by the use of insulated glass.

## Deputies Bought Prisoner Items, Ex-Officer Says

CLEVELAND (AP) — Former Deputy Sheriff George Gunn said today other deputies bought items from prisoners and he did not know the \$10 he gave a prisoner for an expensive wristwatch would cost him his job.

As he spoke in his home, the 42-year-old Gunn fondled the watch and said:

"If I had the money, I could have bought many things (from prisoners) . . . a station wagon, hunting rifle, boat and sweaters. But I couldn't afford it."

Cuyahoga County Sheriff James J. McGettrick fired Gunn Saturday because he said jail rules forbid deputies from having any professional dealings with prisoners. He said Gunn was given a copy of the rules when he took the job last June.

In another development Saturday, Gunn's superior as chief night jailer resigned. He is Joseph E. Yusko, 73, a deputy for 26 years. He was unavailable for comment.

McGettrick, appointed sheriff Feb. 6, said he is investigating to see if other deputies have violated the jail rules by making purchases from prisoners.

## Roofs Begin To Take On A Colorful Look

"White is easily the most popular color for roofing today," according to Howard Ketcham, noted color authority.

"However," Ketcham said, "A recent survey of manufacturers of asphalt shingles indicates that other colors are on their way up." Ketcham, who was the color engineer for the first colored telephones, attributes the national preference for white roofs to three basic reasons:

1.—Since white is a neutral color compatible with all others, its use on the roof permits the widest selection of house body and trim colors.

2.—White provides maximum heat reflection, which helps keep a house cooler in summer and lowers air conditioning costs.

3.—White is "safe." Many home owners are afraid to trust their own judgment when it comes to colors. They hesitate to use colors that might leave them open to ridicule.

"I feel the increasing use of colorful asphalt shingles is a good sign. It means that more and more families are becoming color conscious and are learning to take advantage of the qualities that only color can provide," Ketcham said.

"White obviously has its place, but according to the survey, an increasing number of families have found that a complementary shade of green may be just right for a house surrounded by nature's greens and browns. And in many southern states light shades of tan are being chosen by families who want both variety and a high degree of heat reflectivity.

"Not too many years ago," Ketcham explained, "asphalt roofing was available in only a limited number of colors — red, black and the gray-green of natural slate. Today, however, the development of synthetic colored granules has led to the production of a wide range of roofing colors, including pastels and blends.

"Blended color asphalt shingles are becoming more popular because they harmonize with a wider variety of exterior trim and sidewalk colors than do many solid shades," Ketcham explained.

Some blends consist of several shades of one color, while others are a mixture of two or more different colors. Another type of blend is achieved by using colors that differ from shingle to shingle.

## Cleveland Guild Votes To Set Contract Talks

CLEVELAND (AP)—The Cleveland Newspaper Guild has voted to have its representatives meet with management of the city's two daily newspapers before the Guild's present contract runs out in 1964.

The resolution was adopted unanimously at a meeting Sunday. Guild officials said the purpose of the meetings would be to solve problems and exchange views well in advance of negotiations on the new pact.

The resolution urged that the first meetings with the morning Plain Dealer and the afternoon Press and News start Sept. 15, 1963, with other unions at the newspapers joining the talks later.

The Guild was one of five striking unions that kept both newspapers off the streets for 129 days.

**CONTEMPORARY SPLIT-LEVEL.** The living-dining area of HA287P follows the "open plan" yet each is separate because of the L shape. The kitchen has two countertop cooking areas; space has been provided for a dishwasher and built-in refrigerator-freezer. The recreation room, down a half flight, is effective both in summer and winter, with its sliding door and corner fireplace. A fifth bedroom and third bath is optional on this level. The open cellar provides a suitable place for a fallout shelter. The sleeping area is above the turmoil of the active areas. The master bedroom entry contains two eight-foot-long closets. Architect Samuel Paul, 88-30 161 St., Jamaica 32, N.Y., says the plan will fit comfortably on a 100 by 100 lot.

## Painted Furniture Proves Hit Of The Show At Chicago

By DOUGLAS TUOMEY

If you have any idea of throwing away or giving away old pieces of furniture because they have a natural wood color, are chipped and scratched, or have torn or worn upholstered seats, it would be well to reconsider.

No less an authority than the National Paint, Varnish and Lacquer Association advises that during the recent exhibition at the Chicago Furniture Market painted furniture was the hit of the show. Chairs, tables, dining-room cupboards, chests and bedroom suites were displayed in antique paint effects ranging from light blue and green, to russet red and the traditional ivory gold.

Anyone capable of using a paint brush can convert existing pieces of furniture into smart, decorative items. Instead of the enamel usually suggested for furniture, use an alkyd flat wall paint for both main color and the antique effect. A flat varnish should be used for a protective final coat.

Naturally, the surface to be painted should be cleaned and sanded and, if the article has a stain finish, a coat of shellac must be applied to prevent it from bleeding through into the new finish. For a particularly smart effect, highlight carvings and raised areas with gold paint.

Never let re-upholstering stump you. If you remove the worn seat or back of a chair carefully and spread it out, you will have a perfect pattern from which to cut the new material. If a seat needs rewebbing, cut pieces of new webbing the same length as the old.

strips and follow the method used previously in tacking them in place.

Refinishing furniture in painted style is a very rewarding hobby and pays large dividends in the improved appearance of your home.

## Scarcity Of Land Stirs Problem For Builders

By ANDY LANG  
AP Newsfeatures

If you've ever taken an automobile trip around any considerable part of this great country of ours, you no doubt have been struck by the huge areas of uninhabited land. Yet, in most sections of the country, there is a scarcity of land for residential housing.

This scarcity exists because, as a general rule, houses must be built where employment is available.

One exception is in the case of retirement housing — and even then, older citizens want to be located near modern conveniences.

The shortage of prime land for homes has resulted in (1) increasing prices for such land and (2) a growing controversy over zoning restrictions.

When land costs more, the houses built on it cost more. The controversy is caused by the fact that one school of thought is insistent on preventing new houses from being built on plots too close together. The opposite view is that, by insisting that an individual home be built on a very large plot, we are encouraging an appalling waste of land.

Those who want homes built only on plots of a quarter-acre up to two or three acres assert that this is the only way to prevent overcrowding and eventual slums.

Many communities, still in the developing stage, have up-zoned their remaining vacant land so

that new homes can be built on, let's say, half-an-acre or more compared with a previously permitted 60 by 100. Some town and county officials frankly admit that one of their reasons is to restrict the number of houses and thus hold down school population and school taxes.

Opponents of this idea, numbering among them home builders, say that up-zoning is unrealistic and is pricing moderate-income families out of the market.

They point to many successful developments throughout the country which were completed 15 and 20 years ago and have not turned into slum areas even though the houses have been constructed on comparatively small plots.

Getting much attention in the last couple of years is what is called cluster housing. Under this plan, a large area of ground is purchased by a builder. He then sets aside certain parts of the land for recreation facilities, parks and other open-space uses for the benefit of the community as a whole. The rest of the land is used for the houses themselves.

In this way, the homes are closer together than they normally would be, yet there is a large amount of open area which the builder turns over to the new village, with a legal agreement it cannot be used for additional houses.

Not until builders, lending institutions and municipal authorities get together on a definite plan can the question be settled.

## Blaze Levels Structure At Youngstown

YOUNGSTOWN, Ohio (AP)—Investigators searched the charred rubble today for the cause of a \$210,000 fire that destroyed the Hearn Paper Co. warehouse.

High winds and dense smoke hampered 50 firemen who made an unsuccessful attempt to save the one-story frame building Sunday. Many wore smoke masks. Three were hurt, but none required hospitalization.

It was shortly before 5 p.m. when the blaze broke out. The wind-fanned flames spread rapidly, and firefighters found the blaze out of control when they arrived.

Huge clouds of billowing smoke attracted several thousand spectators to the fire on Mahoning Avenue just west of the downtown area.

Firemen kept the flames from reaching seven buses parked nearby and a boxcar filled with paper. The buses could not be moved because they had no batteries.

The structure burned to the ground. It contained floor tile, linoleum, carpet padding, paper products and a shipment of new lawn mowers.

Nominations for officers featured the Columbiana County American Legion Council's meeting Friday evening at Post 290 in Columbiana.

Bert Keck of Post 736 of Glenmoor is nominee for commander; James Cregar of Post 374 of East Liverpool, first vice commander; L. Olen Sanor of Post 574 of North Georgetown and Bernard Wright of Post 442 of Salineville, second vice commander; Louis Provost of Post 374 and John Zundel of Post 31 of East Palestine, chaplain, and Bill Grate of Post 290, sergeant-at-arms.

Dwight Bush of Post 574 was selected as candidate for 10th District commander, along with Walter McCoy of Post 275 of Lisbon, second vice commander, and their names will be presented at the spring conference of the district at North Georgetown post Sunday.

It was announced that the county council's bowling league banquet will be held Saturday at the North Georgetown post.

A countywide Boys State meeting will be held at Lisbon American Legion home May 5 at 2 p.m. for those selected to attend the session at Ohio University at Athens in June.

Al Hayes, county commander, presided. Next meeting is May 10 at Post 374 for election of officers.

## Haulers Ask Longer Rigs

COLUMBUS, Ohio (AP)—Those old-pro competitors, the truckers and the railroads, are having a quiet little battle in the legislature over the length of trucks used to haul new autos.

Truckers, in a bill just recommended for passage by the House Interstate Cooperation Committee, are seeking an increase from 50 to 60 feet in the length of the so-called haul-away trucks.

They say the increased length would allow trucks to haul one extra standard-size auto each trip. The standard haul-away now carries five standard cars or six compacts.

The railroads are objecting on grounds the longer trucks would be a hazard to other motorists. But railroads also are in the business of hauling autos. Triple-deck railroad cars haul 15 autos each.

Railroads have made serious inroads in recent years on the auto-hauling business which was almost a truck monopoly. The most serious crimp in the truck operations has been in the long-haul business, 500 miles and up.

Present Ohio law permits trac-

tor-trailer combinations up to 60 feet in length but only when two trailers are involved.

# Mets Win Two For Fourth Straight, Get Out Of Cellar

## Aguirre Captures Third In Row; Indians-Orioles Split

### Hickman's Bat Booms; Reds Trounce Bucs; LA Takes Two

By JIM BECKER  
Associated Press Sports Writer

Said Casey Stengel to the Milwaukee Braves: "You know that trade we were talking about, the one for the fellow who plays in center field for me, who everyone you saw him this spring he was hitting the ball over the houses back of the palm trees in left field and you wanted to give me your catcher for him? Well, forget it."

So the Braves can forget about Jim Hickman—if they can. That will take some forgetting.

Hickman drove in seven runs with a 450-foot double and two homers, one a grand slam, as the Mets won a doubleheader from the Braves Sunday 8-5 and 9-2. The double win gave the Mets four straight for the first time in their history, and lifted them out of the National League cellar for the first time since last May 23.

The San Francisco Giants held on to the top spot with a split against the Chicago Cubs. The Cubs won the opener 4-1 and the Giants the second game 3-2.

St. Louis split with Philadelphia, losing 4-3 and winning 10-5, the Los Angeles Dodgers whipped Houston twice, 11-3 and 6-5, and Cincinnati trampled Pittsburgh 8-3.

Hickman's grand slam won the first game for the Mets. He hit

it in the eighth inning off Claude Raymond, with the Mets trailing 5-4.

Willie Mays and Willie McCovey each hit their fourth home runs for the Giants in the second game, and Tom Haller's single drove home the winning run.

Tony Gonzalez doubled off the scoreboard in the 10th inning to drive in the winning run for the Phillies in the opener against the Cards.

In the second game, the Cards spotted the Phillies four runs in the first inning and then roared back against Art Mahaffey, with Dick Groat driving in four runs.

Ron Fairly carried the big bat for the Dodgers against the Colts. He drove in three runs in the opener, hit a two-run homer in the fourth inning of the second and then broke a 5-5 tie in the last of the ninth with a bases-loaded single.

Bob Miller, who was 1-12 as a Met last season, ran his unscored on streak to 21 2-3 innings for the Dodgers in the opener before he was chased in the sixth. However, he got the victory, his first of the season.

Cincinnati scored all its runs in the first four innings, with Leo Cadenas and Vada Pinson driving in two each. Jim Maloney gave up 12 hits but was tough when it mattered, and got his second win.

### Lakers Check Celtics To Keep Hopes Alive

By BOB SALMON

Associated Press Sports Writer  
BOSTON (AP) — "We're still very much alive."

Those words came from a very happy man—Los Angeles Lakers Coach Fred Schaus—but they had an ominous tone. Schaus was happy, all right, but he was already looking ahead to Wednesday night when the Lakers entertain the Boston Celtics at Los Angeles, anxious to square their National Basketball Association championship series.

"We knew we had to win one here in Boston and we did it," Schaus said. "Now we've got the victory and we're still in this thing."

The 126-119 victory was even more timely considering that the Lakers had lost 12 consecutive road games going back to Feb. 13 of this year.

The Celtics, thwarted at a fifth straight title, still lead — three games to two — in the best-of-7 series. The seventh game, if needed, is scheduled for Boston Saturday night.

"We won't need it," growled Celtics Coach Red Auerbach in a

cemetary-like Boston dressing room after Sunday night's game. "We're just going to need the one game to win this."

The game nearly ended in a melee at Boston Garden as fans, accustomed to seeing Boston clutch encounters, tried to take out their wrath on officials Dick Powers and Mandy Rudolph.

One spectator was arrested for attempting to get at Powers late in the game and then allegedly striking a policeman. Several other fans tried to charge the officials as they left the court after the game but were held off by police.

Never has a team come back from a 1-3 game deficit to win the NBA championship. But apparently Los Angeles' Elgin Baylor and Jerry West were not aware of this fact. They combined for a powerful one-two punch to lead the Lakers back from the brink of elimination.

Baylor, playing his heart out in the final period, came up with 43 points in the game for the individual high for the series. West had 32 points.

Ohio U. Names Rohr As Athletic Director

ATHENS, Ohio (AP)—A famous name in basketball—William D. Rohr, for the past five years head basketball coach at Northwestern University—will take over as director of Ohio University's intercollegiate athletics and physical education June 1.

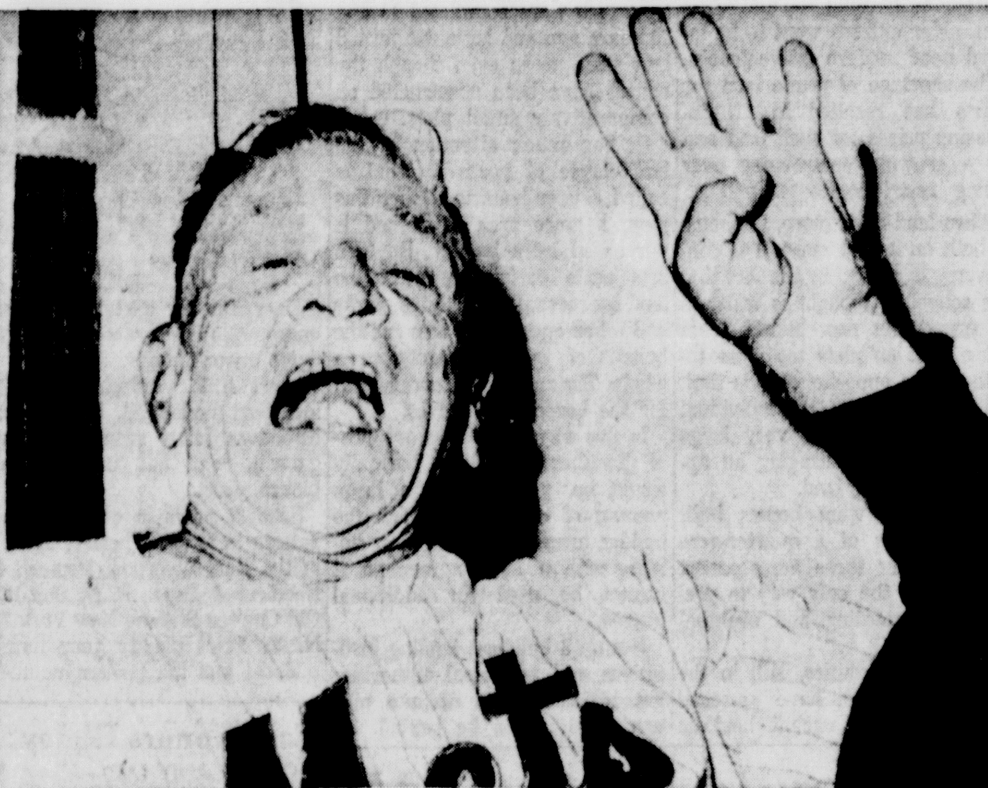

His appointment was announced Saturday evening by Vernon R. Alden, OU president who expressed pleasure in "getting such an outstanding successor" to Brandon T. Butch Grover. Grover retires this year.

Rohr was born in Massillon, won all-state honors in high school while playing for Coach Paul Brown. He starred at Ohio Wesleyan, then returned to Massillon to begin his coaching career under Brown. He moved to head basketball coach there before entering the Air Force in 1942.

In 1946 he became head basketball coach and athletic director at Portsmouth High School and then moved on to Miami University where he was coach for six years before becoming coach at Northwestern.

### Betsy Rawls Favored

After Miami Golf Win

MIAMI, Fla. (AP) — Veteran Betsy Rawls emerged today as the woman to beat in the upcoming Titleholders championship in Augusta, Ga., after capturing the \$7,500 Sunshine Open Golf Tournament.

"If I continue putting well, I should be up there," said the Spartanburg, S.C., linkster of the April 25 Augusta event. "My driving must still improve."

Miss Rawls slumped to a 6-over-par 78 on the 6,300-yard Lejeune golf course Sunday, but her 220 card for 54 holes was three strokes better than those of Mickey Wright, Dallas, Tex., and Kathy Whitworth, Jal. N.M.

Betsy, a Ladies Professional Golf Association Hall of Fame member, took \$1,200 top money. Mickey and Kathy each earned \$850. The victory was Miss Rawls' 47th in eleven years of professional golf.

The United States imported 33,000 pounds of lobster in 1962.

### Twins And White Sox Exchange Shutouts; Yanks Nip Nats

Associated Press Sports Writer  
If any critics still think Hank Aguirre was a flash in the pan last year when he led the American League pitchers, they are referred to the latest batch of statistics.

Aguirre, the new Yankee killer of the Detroit Tigers, has started three games, won three games and pitched three complete games. His earned run average unofficially is 1.67, better than his leading 2.21 of last year.

Aguirre gave up eight hits and fanned seven, running his season's strikeout total to 20 with a 5-2 victory Sunday over Boston.

Baltimore traded shutouts with Cleveland and remained a half game ahead of the pack in the American League. Steve Barber blanked the Indians with four hits, 7-0, striking out 11 and Dick Donovan retaliated with a four-hitter 2-0 against the Orioles.

It was the same story in Chicago where Minnesota's Jim Roland, a 20-year-old rookie southpaw making his first start, shut out the White Sox 7-0 with three singles. Then the Sox's John Buzhardt came right back with a four-hitter, 8-0.

Jim Bouton came to the rescue of Ralph Terry in the second inning and pitched the New York Yankees to a 7-6 edge over Washington. Leon Wagner's three-run homer enabled Los Angeles to best Kansas City 6-2.

Aguirre was Manager Bob Schefing's last hope in Boston where the Tigers had dropped three in a row after sweeping two from the Yanks. A three-run homer by Norm Cash off Bill Mon-

ette, a 420-foot drive into the right field bleachers, was the big blow. Bob Tillman homered for Boston.

Baltimore racked up bonus baby Sam McDowell in the first inning while Barber coasted home with his third victory. Then Donovan, making his first start in 10 days, cooled off the Birds and snapped their four-game winning streak by beating Robin Roberts.

Bouton had some shaky moments for the Yankees but retired the last nine batters in succession for his first victory. Terry was slammed for five hits and four runs in 12-3 innings. Tom Tresh homered for the Yanks.

Roland's success gave the Twins yet another left-hander on a staff that already is lopsided on the port side. He gave up two singles in the first inning, walked nine but struck out seven. Bob Allison hit a two-run triple and his fourth homer. Buzhardt had no serious problems in his second game romp in which rookie Pete Ward led the White Sox attack with three singles and four runs batted in.

Lee won his second for the Angels but he needed help in the ninth when the A's had two on with two out. Jack Spring retired pinch hitter Haywood Sullivan to end the game.

Blue And White Club To Meet Tuesday At 8

## Salem Breaks 2 Records In Big Red Meet

Salem High's Quakers shattered two records and finished in a tie for fifth place in the second annual Steubenville Big Red Invitational track and field meet Saturday at Harding Stadium.

Two other Columbiana County teams participated — Wellsville and East Liverpool — but neither scored.

Wooster compiled 35 points to finish first in the field of 28 teams from Ohio and West Virginia.

Following were Bellaire, 28 points; Youngstown Rayen, 23; Steubenville Big Red, 22, and Salem and Columbus Eastmoor, 20.

Bill Beery of Salem set a new record in winning the 440-yard dash in 52.4. He was presented a trophy.

Salem's mile relay team also established a new mark in winning the event in 3:38.6. The runners were Beery, Zelske, Coy and Taus.

Steubenville Central and Toronto each registered three points. Columbiana High was listed in the field but failed to participate.

Wellsville's Jim Reed qualified for the semi-finals in the 220-yard dash, but finished third in the final heat and was eliminated. Mark Leyda's best effort in the broad jump was 19 feet, 2 inches. Andy Dash, ailing with a leg injury, tossed the shot put 45 feet. Dale Mobley finished sixth in the pole vault with the bar at 10 feet, 6 inches. The Tigers finished sixth in the 880-yard relay.

East Liverpool's Ed Loy finished sixth in the mile run.

East Liverpool hosts United-Toronto Tuesday at 5:30 p. m.

## New Zealander Wins, Snaps Course Record

By MAX B. SKELTON

HOUSTON, Tex. (AP)—Sponsors of the \$50,000 Houston Golf Classic were searching for a formula to prevent a fifth straight playoff and they found one in the form of Bob Charles, a left-hander from New Zealand.

Charles, 27, not only halted the Classic's playoff habit but he won the \$10,000 in top money with a 72-hole record 268. He also became the first left-hander to win a PGA-sponsored tournament.

The New Zealander—11 under par and three strokes in front after the first three rounds—needed a one-under 69 final round Sunday to turn back thrilling challenges from Fred Hawkins, a veteran pro, and amateur Homero Blancas, the son of a greenskeeper at Houston's exclusive River Oaks Country Club.

As Jack Nicklaus, a 5-1 pre-tournament favorite, faltered with a rash of bogies, Hawkins picked up three strokes on Charles with a final round 66 and a 269 that was worth \$4,600. Blancas, who shot a 302 in the 1963 Masters, had seven birdies while taking a 64 and a third-place 270.

Charles, the New Zealander bank clerk, was seeking his first PGA tournament title.

Nicklaus, the new Masters champion, had to settle for a 71 and \$3,000 for a fourth-place 273 after posting three bogies and three birdies on the front nine and two bogies and one birdie on the final nine.

Gary Player, who also held 5-1 odds Thursday with Nicklaus, came back with a fourth-round 67 and a 283 for \$400, his lowest finish and money take of the year.

## Johansson Saved By Bell, Wins Decision Over London

By DICK SODERLUND

STOCKHOLM, Sweden (AP)—Brian London, still nursing a grudge against Ingemar Johansson for a scornful remark a few years ago, sat in his dressing room and snarled:

"His kid sister sure must be better than that."

London, unmarked and angry over the 12-round decision that went to Johansson Sunday night after the former heavyweight champion was saved by the final bell, was referring to a remark Johansson made about him.

It came in the days when Johansson was riding high, and brushed off a possible fight with the Britisher by saying "my kid sister can beat London with one hand tied behind her back."

The 12-round bout, billed as another step in Johansson's march to a return shot at the heavyweight title, ended with Johansson staggering to his feet, his eyes glassy and his arms hanging at his side.

Johansson apparently had the better of the dull fight until the final minute.

He concentrated on his left jab to pile up points, and never landed his famous right hand.

London carried the fight but he could not land a solid punch until the final seconds when he stunned Johansson with a left and crashed him to the canvas with the right.

The count had reached four and Johansson had just lurched to his feet when the final bell rang.

Referee Andrew Smythe of Ireland, the sole judge, awarded the fight to Johansson, but said later he probably would have stopped the fight and given it to London if the bell hadn't rung.

## Students Fill City Offices

Municipal offices in Wellsville were filled Saturday by students of the high school American Problems Class in observance of Student Government Day.

The youths took over all the posts, following the same procedure as regular city employees.

The project is held annually. A City Council session was held Saturday night by the students.

Charles Wilfing, teacher, said the officers were elected Thursday. They include:

Mike Welch, mayor; Jeris Murray, city solicitor; Ed Nelson, treasurer; Leola Murphy, auditor; Janet Ferguson, president of Council; Mark Leyda, Linda Culp and Mike Pasquale, councilmen-at-large; Cassie Thrasher, First Ward councilman; Jack Cataldo, Second Ward; Kathy Trainer, Third Ward, and Jerry Stewart, Fourth Ward. Robin Stroble was appointed by Council as its clerk.

Appointments by the mayor were: Ann Daugherty, safety-service director; Jackie Young, mayor's secretary; Verna Householder, police chief's secretary; Betty Pucci, fire chief's secretary; and Stephanie Hunter, welfare director.

Officers determined by a test prepared by Police Chief John Hephner included: Steve Brown, police chief; Ed Broderick, captain, and Mike Chenault, Sonia King, Steve Baldwin, Hugh Nile, Ed Boehm, Larry Baughman, Garry Wilson, Jim Dowling, Martha Hoffmanns, Cathy Gitschier and Bill Broadbent, patrolmen.

A test prepared by Fire Chief Robert Lewis determined those in his department: Victor Pasquale, chief; Bob Lloyd, assistant, and Bobbie Boggess, Gary Medley, Melvin Boggs, Danny Corbisello, Susan Long, Susan Johnston, Shirley Delposen, Marilyn Jackson, Ruth Hughes, Linda Hensel, Patty Comparetto, Cynthia Vernon, Sue Ann Travers, Dave Rife, Connie McCuen, Joyce James, Sandy Glass, Tom McMahon, Charles Wilcox, Lester Cramer, Dave Reed, Gary Leughmyer, Jim Bright, Bev Hamilton, Carol Rose, Don Welch, Janet Birch, Terri Whitaker, Alvan Thompson, Theresa Thomas, Sally Moore, Lois Thompson, Earl Wisor, Sandra Reese and Leora Mobley.

The members of the fire department had an extra surprise in store for them. An aerial ladder truck, similar to the one the city plans to purchase if a levy is passed at the May primary, was brought from Minerva for display.

The students were allowed to ride on the new truck and to see a demonstration of the aerial ladders. Minerva's population is about 5,000, which is smaller than Wellsville.

## Drivers

(Continued from Page One)

neither he nor Streets had been drinking but in response to another question admitted they "weren't cold sober."

"Since you started this whole thing, I think you should join your buddy in jail," Judge Chertoff commented.

A drunk driving charge against Roosevelt Wetzel, 108 W. 2nd St., was dismissed this morning and Wetzel pleaded guilty to a lesser charge of being in physical control of an auto while intoxicated.

Asst. Solicitor Richard J. Clark requested the dismissal, informing the court the story that Wetzel told the court on arraignment last Tuesday that he was not the driver was true.

Judge Chertoff dismissed the case and fined Wetzel \$250 and costs on the physical control charge.

Wetzel had been cited for drunk driving after his speeding car sheared off a utility pole at the east end of the freeway and skidded on its side 100 feet before flipping back on its wheels early last Tuesday.

He head pleaded guilty to the charge but Judge Chertoff refused to accept the plea and entered a not guilty plea when Wetzel claimed another person was driving but said he was willing to take the penalty rather than name the other person.

A hearing for Casper William Kress, 66, of 1044 Bradshaw Ave., on a drunk driving charge was continued until Wednesday at 9 a. m. when Kress asked time to obtain an attorney.

He was cited by police late Friday night after an accident at Minerva St. and Daisy Ln. in which his car was struck by a young motorist pulling from the curb.

Richard E. Shaw, 7 Thompson Pl., was fined \$5 and costs after pleading guilty to a charge of crashing a stop sign at E. 4th and Walnut Sts. at 6:10 p. m. Friday.

Thomas Muschweck of Anderson Blvd. drew a fine of \$10 and costs on a charge of speeding 50 miles an hour on his motorcycle in a 35-mile zone. He was cited April 15 at 4:17 p. m.

William E. Moffitt, 206 Grant St., Newell, was fined \$5 and costs when he pleaded guilty to crashing a red traffic light at Dresden Ave. and Webber Way. He was cited at 9:55 p. m. Saturday.

Nancy A. Hanlon of Shadyside Ave. was fined \$18 and costs after pleading guilty to failing to pay a parking ticket issued on a city-owned lot Dec. 15, 1961. The affidavit was filed by Virginia Chambers, a city Meter Maid, who also listed five other unpaid tickets.

Ted Koenig Jr., 563 1st Ave., forfeited a \$32.50 bond on a speeding charge filed by the State Highway Patrol. He was cited at 10:10 p. m. Thursday on Route 7.

Ralph L. Hicks, 856 St. George St., is scheduled for a hearing Friday morning on a speeding charge. He was cited at 2:45 a. m. Sunday for traveling 75 miles an hour in a 50-mile zone.

Aaron Roach, 1531 Main St., Wellsville, was fined \$10 and costs on a speeding charge. Roach was cited Thursday on W. 8th St. by police using radar.

## Comics Really Love Each Other

A silly rumor persists that if anybody gets funnier than the boss on the Joey Bishop Show, he is summarily fired. So Joey did fire two comic foils in a season and a half. So what? May be one week he forgot to take his tranquilizer and blew up when he found their cars in his parking space.

Hal Humphrey

At any rate, there now is a witness willing to testify that Joey is a sweet, lovable character whose real mission in life is to help other comics get laughs.

"I don't know what it was with Joe Flynn or Guy Marks, but it's foolish to say they are out because they got too many laughs," attests Corbett Monica, the latest comic addition to the show.

"Joe is the boss, and he is in control. If he hadn't wanted these guys to get laughs, he'd take them out of the script before show time. Right?"

"I get lots of laughs, but would I get 'em if Joey didn't want me to? I don't understand this talk about Joey."

**TO FURTHER PROVE** how compatible Joey is with others who make their living being funny, Corbett introduces the following startling fact.

"I'm living at Joey's house. Would I be doing that if Joey couldn't stand comics? This must be a very strange town. Nobody wants to believe that people help people."

"Why, comics always are giving some buddy a lift in New York. You walk into Lindy's and a friend says, 'Harry's opening at the Blue Angel tonight.' The next thing you know, two or three other comics are over at Harry's table with a 'Hey, Harry, I got a great opening line for you tonight.'"

"It's like doctors. You call one for an appointment, and he says, 'I'm sorry, I can't take you at 4 o'clock, but why not go to Doc Schmidlapp?' Comics get along together the same way, believe me."

**IN CORBETT'S CASE**, the friendship with Joey goes back a ways. They both come from Englewood, N.J., and for eight years lived only four blocks from each other.

Once when Joey was hosting NBC's "Tonight" show for a week, he had his friend and neighbor, Corbett, on twice as a guest. It was then that Joey decided Corbett would be right for Joey's own comedy series.

Does Corbett fret sometimes

over being the second banana on a comedy show?

"Are you kidding? There's no such thing as a second banana any more. TV changed all that. Look at Art Carney, Carl Reiner and guys like that. You become a personality as yourself on TV."

"If you believe you're a second banana, then you're in trouble. You begin pressing to top the other guy. It's sick."

"Now, Joey and I like to ad lib during rehearsal, or maybe we chew it around at the house the night before, then make a few minor changes the next day."

**"EVERYBODY** on the show looks to make the show a hit. Joey keeps all of us in each episode, so we don't lost the character identity with the audience. This way we all make money."

"Just a couple of weeks ago I had a chance to do a one-nighter in Baltimore with Ethel Merman, a big break, huh? So what does Joey do? He changes the schedule around so I can make it to Baltimore and back and not lose my part in that week's show. How about that?"

"I've already signed for next season and 32 weeks with Joey. It's great. I'm really going to school, because I never did anything but stand-up comedy before. Now I'm learning situation comedy, and Joey made it possible."

Heck! Damon and Pythias never got along any better than that, and they never had a TV series!

**63 Fires Hit Forests Across West Virginia**

CHARLESTON — State forests took another beating again Sunday with 63 forest fires reported, but Assistant State Forester Asher Kelly said most of the blazes would be out or under control by early today.

Firefighters tackled 17 of the blazes in two counties — McDowell and Wyoming — and Kelly noted that at least three fires in the Panther State Forest area of McDowell County were of an incendiary nature.

Another hot spot was the Paw Paw area of the Eastern Panhandle where a two-day fire had scorched about 3,000 acres last night and destroyed two outbuildings.

## Tea, Sympathy Slated For Taxed Japanese

TOKYO (AP)—Japanese tax officials are going to offer tea and sympathy to taxpayers.

The tax administration said tax offices throughout the country will hold an open house three times a month at which taxpayers will be served tea and offered "sympathetic" advice on their tax problems.

## President Faces Space Shortage In Virginia Home

ATOKA, Va. (AP) — Workmen have to the stucco exterior on the new weekend home President and Mrs. Kennedy are building in the Virginia home country.

Though the home Mrs. Kennedy planned with such care is nearing completion, it now looks as though its owners won't get to use it for some time.

Mrs. Kennedy, expecting a third child, has announced she will go to Cape Cod sometime in May to remain in seclusion until her child is born in late August.

There's also the problem now that the Kennedys built their home with just two bedrooms planned for the two children they already have, Caroline, 5, and John Jr., 2.

There's no room set aside for any more children unless they double up, use the guest room next to that of the President or take up one of two rooms in a maid's wing. The Kennedys will have to do some space juggling in the 7-bedroom, 5½-bath new home.

The weekend retreat, scenically located high on a hill known as Rattlesnake Mountain, is being built with much secrecy. It has been off limits to reporters and photographers, protected "round-the-clock by the Secret Service."

## Strike Ended At Huge Ford Plant In Lorain

LORAIN, Ohio (AP) — Production was to resume today at the huge Ford Motor Co. assembly plant which had been shut down since April 12 because of a strike.

United Auto Workers Union members approved Sunday an agreement that ended the walk-out over 194 unsettled grievances. Orley W. Shirley, financial secretary of the 4,200-member UAW Local 425, said members voted unanimously in ratifying an agreement reached Friday.

The grievances dealt with health, safety and production standards.

## White Duck Vanishes And Reappears Black

MADISON, Conn. — Mommy, a white duck who usually sits atop the chimney of the Milton Voegtli home, disappeared recently.

Three days later, Voegtli heard a scratching in the exhaust pipe leading from the oil furnace to the chimney.

A plumber opened the pipe and found Mommy — now black and hot.

The plumber said he couldn't figure out how the duck survived the heat.

OFF THE RECORD

How Can I?  
By ANNE ASHLEY

Q. How can I repair veneer that has become loosened on the edge of a piece of furniture?  
A. First remove the finish from the area and steam the veneer with an iron and a wet cloth to make the veneer pliable. Scrape out the old glue from under the veneer with a scrap of sandpaper, and work some new glue in with a spatula or wire. Cover the surface with some newspaper, and pile books on it until the glue has set. Then sand the area lightly with fine sandpaper, wipe on varnish-and-oil, rub with rottenstone, and wax.

Q. How can I make a dry shampoo to clean the hair of a person who is suffering from a severe cold?  
A. Massage some dry cornmeal thoroughly into the scalp, then brush it out. This treatment will

invigorate the scalp and at the same time give the hair a natural gloss, besides a much cleaner feeling.

Q. How can I sharpen the blade of a knife, a plane, chisel, or other cutting tool when there is no honing stone available?  
A. You can do this job very nicely with a piece of emery cloth laid out on a flat, smooth surface. Be sure to vary the pressure on the tool, bearing down hard at first in order to wear down the edge even, then gradually decreasing your pressure so as to produce a keen cutting edge.

Q. How can I mend china and glassware?  
A. Broken china or glassware may be mended by dipping it in melted powdered alum. Dip the edges in the alum while it is soft, and then hold the pieces together with adhesive tape, removing this after the cement has hardened.

Junior Editors Quiz on  
MAGICIANS

QUESTION: How did Houdini and the other magicians do their magic tricks?

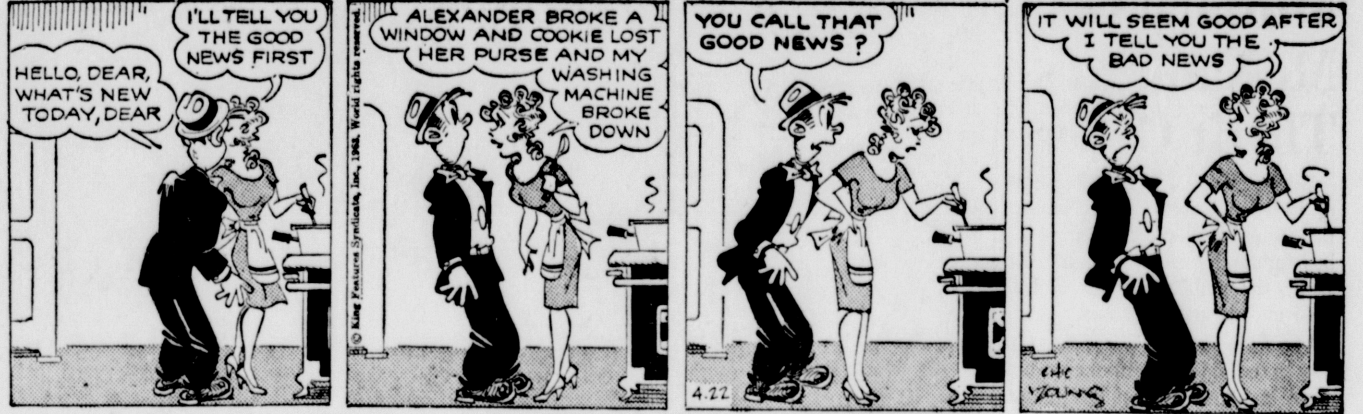

ANSWER: Magic trick may look impossible to perform, but there's always an answer hidden somewhere. Some professional magicians have tables and chairs with trap doors built in them; many use clothes with specially built in pockets in places where they can produce unexpected objects suddenly. Concealed mirrors can produce startling illusions such as a head seeming to float detached from the body.

In (1), a magician holds a puppet in his lap. By moving a wire with his right hand inside the puppet he makes it's mouth open and shut. This magician is a ventriloquist—he makes the puppet seem to speak. Actually, the puppet's speech is the magician's voice, coming from between his partly opened lips. But all attention is focused on the puppet with his huge flapping mouth, so the sound seems to come from there. Try trick (2). Hold your left hand a few inches below card and strike card sharply with forefinger of right hand. Trick (3) is to make mouse go inside cage without tearing or folding paper. Redraw cage and mouse on paper about twice a big as you see it here, making mouse black. Hold up before eyes and bring paper slowly closer; the mouse will go into the cage.

FOR YOU TO DO: You'll want to know what the answer was to Houdini's famous trick where he was chained, put inside a strong roped-up box and dumped into the sea, yet appeared shortly alive and well (4) (5) and (6). Unfortunately Houdini never told the answer to this one. You have to make your own guess — but please don't try the trick!

Elmer Herbert of Laconia, N. H., wins \$10 for this question.

Today In History

By The Associated Press  
Today is Monday, April 22, the 112th day of 1963. There are 253 days left in the year.

Today's highlight in history:  
On this date in 1864, Congress authorized the motto "In God We Trust" for use on coins of the

U.S. government. The motto first appeared on two-cent pieces minted that year.

On this day:  
In 1793, George Washington issued his proclamation of U.S. neutrality in the war between France and England.  
In 1899, the government opened

the Oklahoma strip for settlement.  
In 1915, the second battle of Ypres began in World War I—during which the first poison gas attack of the war was made.  
In 1930, the London Naval Reduction Treaty was signed.  
In 1944, American Troops landed at Hollandia, New Guinea,

during World War II.  
Actor Eddie Albert is 55. Famous Gilbert & Sullivan portrayer Martyn Greene is 64.  
Thought for today:  
Who to himself is law no law doth need, offends no law, and is a king indeed—George Champman.

## Military Gets McNamara's Thrift Order

WASHINGTON (AP)—Secretary of Defense Robert S. McNamara has issued a new order for global belt-tightening in an effort to overcome the stubborn drain of U.S. gold and dollars overseas.

The Associated Press learned today a confidential memorandum went last month from McNamara to the Joint Chiefs of Staff, the military departments and other elements of the Defense Department.

Asked about this, the Pentagon said McNamara "has pointed out that continuing efforts must be made to reduce the adverse impact of Defense Department expenditures overseas."

The department said it is reviewing many areas for possible savings "including numbers of support personnel overseas as well as the cost of our overseas support operations."

In this connection, it was reported the rear echelon structure backing up the U.S. 7th Army in Europe is coming in for attention.

This organization is called the Communications Zone and includes port installations, storage and supply depots, transportation facilities and the like, mostly in France. It is run by 30,000 military people who have with them about 17,000 dependents.

Other elements that may get a close look are the various headquarters, which some officials think may be overstaffed, and military advisory groups in some countries where their value is considered marginal, particularly in Europe.

Spain ceded the Philippines to the United States in 1898.

AMONG DANCERS. Court Midland 653. Catholic Daughters of America, is sponsoring a benefit dance revue May 4 at 8 p. m. at the Midland High School Auditorium by members of the Rick Sanford Dance Academy of Midland. Pictured are four of the students with their director. Front, left to right, are Timmy Shovin, Lora Jean Zetz and Billy Wildman and in the rear Sanford and Chris Shovin. Berri Young will be master of ceremonies and Nick Tonti stage director. Miss Janice Castelli is assisting with the ballet and makeup and Mrs. Charles Schmitt, grand regent and Mrs. Anthony Lozzi are in charge of tickets. Proceeds will be used for various projects.

## Crash At Lisbon Injures Woman

LISBON — Miss Elaine Glemzua of Beallsville, Pa., was injured and her car demolished when it

struck a tree on N. Market St. near Jerome St. at 2:37 a. m. today, police reported.

She was taken to Salem City Hospital in the firemen's ambulance with lacerations of both legs. She also was suffering from shock.

Miss Glemzua's car went out of control as she drove west on Jerome St. and made a U turn. She said the car is owned by Willis Piper of Marianna, Pa. Police charged her with reckless operation and driving without a driver's license and said she will receive a hearing when she is released from the hospital.

## Potters' Pension System Slated To Begin In 1965

First payments to eligible employees will be made in December 1965 under a new pension system for potters that was written into the union-industry wage contract last fall.

The system is administered by a Pension Trust Committee comprised of representatives of the U. S. Potters Association and the International Brotherhood of Operative Potters.

The union, announcing plans for the system, said the exact amount of pensions will not be determined "until additional information is compiled during the next several years." In addition, a complete outline of the plan must be cleared with the Internal Revenue Service before it can be put into operation, the IBOP said.

The industry's first pension plan, the system was written into the agreement which the IBOP and USPA signed late last fall. The working agreement covered bare essentials of the plan, leaving the details to be worked out by the joint union-management committee.

But the financing plan was written into the contract. Beginning last December, firms began contributing 2 cents for every hour worked by the IBOP members. Next December, the hourly contribution will be boosted to 4 cents. In December 1964, the contribution will rise to 7 cents hourly.

For a union member to qualify for a pension, he or she must have 10 years' past service and must have worked at least one

year — 1,600 hours — between Dec. 1, 1962, and Dec. 1, 1965, the IBOP said.

The Aetna Insurance Co. will act as carrier for the plan, the union said. The interest earned on the employers' contributions will be another factor in determining the pension amounts, it pointed out. However, the union added that the amount of the pension for past service will be slightly less than for future service to be credited.

After approval of the program, union members will be asked to fill out certain forms, the IBOP said. Employment will be traced from January 1945 and military service also should be listed, it said.

E. L. Wheatley, president of the IBOP, serves as chairman of the Pension Trust Committee. John Thompson of the USPA is vice chairman and Donald C. Mackey of the Francis P. White Insurance Agency is secretary.

Also representing the IBOP are Charles Jordan, secretary-treasurer; James Slaven, an international vice president; Wallace Green and Carl Warming.

Other USPA representatives are Richard Smith, Fred Henderson, Burchfield Cartwright and J. Harrison Keller.

## Trustees Defer Decision On Bids For Road Roller

Action on purchase of a used road roller has been tabled by the Liverpool Township trustees.

The bids were opened over a week ago. Thursday the trustees met at the home of Simon C. Hall of Dixonville, clerk, to discuss the bids and deferred action. Saturday the trustees met at City Hall and later went to Galion to inspect another roller.

They may meet sometime this week to discuss action. The next regular session is May 3.

During the regular business session, Hall was authorized to order supplies for the fire departments.

Action also was taken to advertise for bids for complete two-

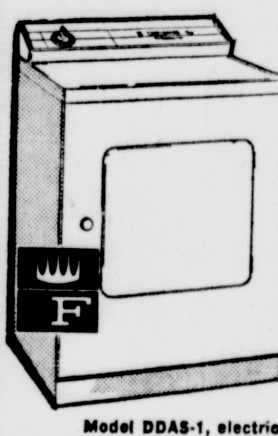

way radio systems for both the East and West fire departments. The trustees will ask for bids on the equipment completely installed, including a tower.

Police Constable Leonard Waters was appointed for another year and sworn in. Requests were received from residents of Chevel St., Dewey Ave. Ext. and Imperial Dr. for the annual chipping program. Others will be added later as the residents deposit the money with the trustees. The deadline is May 20.

## Fair Board To Meet
